❄️ NTI: If the school district chooses to use an NTI day versus a “snow day” for a weather closure, the ECC will have snow day lesson plans in place.

❄️ If the school is closed for a traditional snow day or NTI day, any meetings that may have been scheduled are canceled for the day and will be rescheduled.

❄️ Childcare Program (extended care or tuition): Any time the District closes, whether it is a traditional “snow day” or NTI day, staff does not report, therefore, there is no childcare program available at the Early Childhood Center on those days. Please plan accordingly and have alternate arrangements for these situations.
