

Rewarding Work and Great Pay

Do you hold any degree (Associate's and/or Bachelor's) beyond high school and ever thought about becoming a Substitute Teacher? If so, please consider becoming part of the Northwood Team!

The Northwood School District is a progressive Pre-K through 12th grade district that wants to help you become a substitute teacher where you could earn up to \$155 per day!

Just a few benefits:

- Northwood School District organizes and assists with your training and helps you get the required certification that will lead you to becoming a substitute teacher. There's more information about the online training program below.
- Substitute teaching is a great opportunity to be involved in your local school district.
- Flexibility with schedule...select days to work that are convenient for you.
- Select substitute openings from a wide range of age groups of students that fit your skill set.
- Connecting with other professionals in the field of teaching.
- Sharing your experiences and strengths with the next generations of students.

Online Training:

- Northwood School District will cover the costs of the online training.
- The 8-10 hour online course can be accessed at any time and can be saved at any point for you to return to later.
- The online course contains engaging videos, downloads, examples, and teaching strategies for you to study and learn on your own time at your own pace.
- If you don't have internet access, the school district will work with you to utilize the school setting to complete your training.
