## Notice of Homeless Education Programs

September 12, 2025

Dear Parent/Guardian:

The increasing number of school-age children in the United States experiencing homelessness is a concern. The McKinney-Vento Homeless Assistance Act is part of legislation which protects the rights of homeless children and provides services to ensure that all students have access to a stable education, regardless of their living situation.

The Glendale School District is required to provide services and activities for homeless students including immediate enrollment and school placement to provide stability in their education.

By federal law, all school districts are required to develop, review and revise policies so that they do not create barriers that prevent children and youth experiencing homelessness from being identified, enrolled, and receiving the support they need to stay in school and succeed.

If you have any questions, please contact Sheri Brooks at 814-687-4263.

Sincerely,

Maureen D. Letcher, D.Ed.  
Superintendent
