

Dear Parents and Students,

We are writing to notify you of the recent price increases for replacement screens and new chargers for our school-issued Chromebooks. Because of the rising cost of products and maintenance, adjustments had to be made. This will take effect immediately.

If your screen becomes damaged, the new replacement cost is \$103. If you require a new charger, the price has risen to \$50. Payments are due before repairs will be made or new chargers are issued.

If you have questions regarding this change, you may contact Jessica Jerdee at:
