Future Homemakers of America and quiz team—the motivation behind these two groups is dedication and brainpower. FHA advisor, Mrs. Connie Bongard, admitted, "We weren't as involved this year, but FHA's main emphasis is the junior high prom and we did a good job on that. At the prom, the kids looked and acted great."

The quiz team had a fairly unsuccessful season. However, at the Ashley-sponsored Quiz Bowl, the team beat St. Louis by nearly 200 points. Mrs. Karen Martinez, advisor, commented, "I'm disappointed that we didn't get to go to more meets this year." Mrs. Martinez added, "I am trying to get the team into a league because of the limited number of meets we went to this year." This would give the team more meets to compete in next year. Hard work and dedication is what keeps these groups moving ahead.
