

## Distribution of Information Policy 4060

The board recognizes that valuable social, recreational, and educational opportunities are available to families and students through nonprofit organizations and governmental entities providing services for students. The district may choose to make information available to students and families about these programs, provided that doing so does not interfere with the educational process.

Nonprofit organizations or governmental entities may submit information about activities for students for possible distribution through district channels, but any information must meet certain standards and be approved according to the procedures accompanying this policy.
