

Expense Claim Certification and Approval Policy 6215

Before expense claims are submitted to the board for approval, they will be audited and certified by the district's appointed auditing officer for accuracy and proof that the goods or services have been received and are satisfactory and that previous payment has not been made. The certification must be signed and dated by the auditing officer or their delegate.

The board authorizes advance payment of an expense when a delay in payment would otherwise result in a penalty or late fee or an interest charge on the unpaid balance except that advance payment for goods or services to a single vendor in excess of \$50,000 will not be permitted unless previously authorized by the board through a bid award or by action of the board at a preceding board meeting. The board will review and approve all such advance payments at its next regularly scheduled public meeting. In the event the claim is disapproved, the auditing officer and superintendent will cause the claims to be recognized as receivables and pursue collection diligently until the funds are collected or until the board approves the payment of those claims.

The auditing officer and the superintendent will each furnish an official bond, for not less than \$50,000, for the faithful discharge of such duties. The school district will purchase and pay for the surety bonds.
