The student is a resident of the _____ School District. The student's parent or guardian, _____, is requesting the transfer and agrees to the following terms/conditions for same.

1. This transfer, if approved, is effective for the above-noted school year only. District approval of this transfer creates no right or expectations that the student will be admitted as a transfer for any subsequent school year.
2. The transfer applies to the above-named student only. District approval of this transfer creates no right or expectation that another student from the same family will be admitted as a transfer.
3. The student must maintain acceptable levels of attendance, academic achievement, and compliance with the Student Code of Conduct throughout the entire school year. Acceptable levels are defined as :

 - b. Academic achievement that results in a passing grade in all courses by the end of each semester. At the end of each grading period, the student should receive no more than one grade that is below passing.
 - c. Compliance with the Student Code of Conduct results in no offenses requiring removal to an Alternative Education Program or expulsion and no more than two discipline referrals for other Code of Conduct infractions.
4. The transfer is subject to review by the MISD Transfer Committee and possible revocation at any time allowable by law; reviews are based on the student's performance, behavior, and contribution to the general health and well-being of MISD.
5. The parent of the student may be responsible for transportation to and from the school to which the student is assigned.

The district and the parent agree that this Transfer Agreement is the entire agreement controlling the admission and enrollment of the student in the district for the above-noted school year.
