Jurisdictional Statement

All school policies and rules apply to all school-sponsored events. This includes events held off school grounds.

Non-Discrimination Statement

The Milbank School District does not discriminate in its policies, employment practices, and program based on race, color, creed, religion, age, gender, sexual orientation, disability, national origin, or ancestry. Inquiries concerning the application of Title VI, Title IX, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, or any other anti-discrimination law may be referred to the Director of Special Services. The address is 1001 E Park Avenue, Milbank, SD 57252 with phone number (605)432-4393 or facsimile (605)432-4137 or to the Office of Civil Rights, US Department of Education, Kansas City Office, 8930 Ward Parkway, Suite 2037, Kansas City, MO 64114 with phone number (816)823-1404, TDD (800)437-0833, or email OCR.KansasCity@ed.gov.

Sexual Harassment

Sexual Harassment will not be tolerated at Milbank Middle School. Sexual Harassment by any student or staff member toward any other student or staff member is illegal. The Board Policy (ACAA) is stated below:

Definition

Any unwelcome sexual advances, solicitations, or sexual activity by promise of rewards, coercion of sexual activity by threat of punishment, verbal sexist remarks, or physical sexual assaults constitutes sexual harassment. This conduct has the effect of unreasonably interfering with an individual's academic or work performance or by creating an intimidating, hostile, or offensive employment or educational environment regardless of intent.

Responsibility

School district officers, employees, and students are responsible for maintaining a working and learning environment free from sexual harassment. Careful scrutiny will be undertaken of all allegations of sexual harassment. False allegations that are malicious or ill-founded may constitute libel or slander. Copies of this policy will be posted in all administrative offices.

Complaints

Any student who feels that he or she has been a subject of sexual harassment by a district employee or other student should report this incident immediately to a school official and/or the school guidance counselor. All reported incidents will be thoroughly investigated by a school official and/or guidance counselor. Confidentiality consistent with due process will be maintained.

If a student files a written complaint because of dissatisfaction with the handling of the complaint, he or she may utilize any applicable grievance procedure.

Title IX Policy

Federal-Title IX (1972 Education Amendments)

Asbestos Management Plan

In compliance with the US Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA), in the fall of 1988 we performed inspections of our school buildings for asbestos containing building materials. The inspection findings and asbestos management plans have been on file in the school district administrative office since that time.

All asbestos containing materials in our schools are in good condition and we will continue to manage them in place, as recommended by the accredited Management Planner.

Our Asbestos Program Manager, Phil Seehafer, is available to answer any questions you may have about asbestos in our buildings at (605) 432-5579, or you may contact Scott Seamands, Nova Environmental Services, Inc. at (701) 281-9585.

We are intent on not only complying with, but also exceeding federal, state, and local regulations. We plan to take whatever steps necessary to ensure your children and our employees have a safe and healthy environment in which to learn and work.

Student Anti-Discrimination Grievance

A grievance is defined as a complaint lodged by a student with a member of the staff or administration alleging one or more of the following: (1) that a school rule; (2) that the application of a school rule; (3) that the procedure used to arrive at a consequence, discriminates against a student on the basis of his/her race, color, creed, religion, age, sex, disability, national origin, or ancestry. Grievances are processed through 3 steps: (1) to the Director of Special Services (2) to the principal (3) to the superintendent, in that order. On all three levels, an informal conference is to be held within 5 school days of the date of filing the complaint so that no student's complaint shall consume more than 15 school days. The burden of proof is upon the student to show that a rule is discriminatory or that a discriminatory procedure (or lack of due process) has been perpetrated.

The final resolution of the grievances to be in writing at the principal level and designed to provide the student with basis for resolution of the problem as originally stated in the complaint.

Student Grievance Procedure

If a student feels that he/she has been discriminated against, the student needs to present it in writing to:

Level 1: The Special Services Director will schedule an informal discussion of said grievance. It is expected that many grievances be resolved at this level. The Special Services Director must hold a conference within 5 school days from the date of filing.

Level 2: If the student is not satisfied with the resolution made at level 1, he/she may appeal in writing to the principal for an informal conference and discussion of said grievance.

Level 3: If a student is not satisfied with the resolution made at level 2, he/she may appeal to the superintendent for an informal conference and discussion of said grievance. The decision at this level is binding and cannot be appealed unless the superintendent so indicates. Student grievance forms are available in the High School office.

Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age certain rights with respect to the student's educational records. If asked, the school will also give out directory student information. The complete policy, JOA, can be found on the District website or in the District Policy Handbook, which is located in each school office.

Special Assistance Programs

A full range of special programs for students with disabilities is available at MMS. Some programs include special education, Section 504, student monitoring, speech and language service, educational/psychological evaluation, instructional accommodations, and any other programs mandated by the school district, the South Dakota Department of Education, PL 94-142, DL 99-457, and any other required programs. Special Services Director, Mrs. Marie Ivers, is responsible for student evaluations, special student placements, and all other special service programs. Milbank School District will follow the rules, procedures, guidelines, and policies of the school district, the state and federal governments. Parent rights and due process procedures are implemented in accordance with local, state, or federal guidelines and laws. Any student or parent may contact Marie Ivers to learn about laws, programs, and procedures or to request a special service evaluation and/or programs. A copy of the school district's comprehensive special education plan is available for examination in the offices of the Superintendent and Special Services Director.

Special Services Referrals

All referrals must go through the Principal's office for any of the special education programs (learning disabled, early childhood, speech, cognitively impaired, etc.) The following should be noted when making a referral:

- 1) A referral form (Referral for Special Education form) can be obtained from the Special Services Department or the Principal's office.
- 2) The referral form should be completed and show, or have documentation attached, that interventions have taken place.
- 3) The referral is given to the Principal.
- 4) A letter is sent home to the parents to receive permission for testing to take place.
- 5) Once the letter is signed by the parent and returned to the school, the school has 25 school days to complete the testing. If the parent does not sign the referral, **no** testing will take place.

After the testing is complete, a meeting will be held with the parents, staff, and possibly the student, must take place within 30 calendar days. It is at this meeting that the decision is made as to whether the child meets guidelines to be placed in a special services program. If guidelines are not met, then the staffing team will make a decision on an appropriate program.

Student Responsibility

Students at Milbank Middle School are expected to follow the laws of South Dakota, the rules, regulations, and procedures set forth in this handbook and policies adopted by the Milbank School District Board of Education. The failure of a student to comply with these rules, regulations, and procedures constitute insubordination and/or misconduct and such a student is liable to detention, suspension, or expulsion. Students are expected to:

1. Comply with the rules, regulations, and procedures of the Milbank School District and Milbank Middle School.
2. Obey and respect the authority of the administration, teaching staff, and support staff of the school.
3. Display proper conduct and refrain from acts of misconduct while on school grounds, in school buildings, or while attending a school-sponsored activity.

RESPECT

Milbank Middle School expects the students to treat staff members and other students with respect and dignity. The administration also expects the staff to be respectful of each and every student. It is imperative that the teacher be in charge of the classroom. Anything else would lead to a poor educational experience for all. A show of disrespect toward a staff member or other student or insubordination on the part of the student will not, under any circumstances, be tolerated.

Appropriate Behavior

The students of Milbank Middle School are expected to:

- 1) Demonstrate respect for each other through language and actions.
- 2) Follow school rules at all times.
- 3) Attend school on a daily basis prepared to learn.
- 4) Practice honesty, fairness, and consistency in all of their efforts and relationships.
- 5) Preserve school and personal property.
- 6) Practice and encourage the acceptance of individual differences.
- 7) Use language deemed acceptable by our society and school district.

*** Each discipline case will be handled by the Administrator on an individual basis in order to take into account all circumstances, and do what is right for all parties involved with the safety of our students in mind.**

Signing Out Procedure

Students may not leave the school building at any time during the school day without signing out in the Middle School office. Permission must be obtained from the principal to leave the building. After 8:15am, all exits and entrances must be through Door 1, the main entrance.

School Property on Loan

Books, equipment, or other school property supplied by the Milbank School District must receive reasonable care. Students defacing/losing furniture, books, or other school property will be fined in the amount sufficient to restore or replace the damaged article.

Hazing

All students are reminded that Milbank School District 25-4 has a standing policy (JFCF) that prohibits hazing. This policy speaks specifically about initiation and other such activities. **Suspension and/or expulsion may result from violation of this policy.**

Search and Seizure Policy

All students are responsible for obeying state law, policies of the Board of Education, and the rules of the school. No student should bring anything to school that is prohibited by statute, policy, or school rule. The administration has the authority to search school property, student property (including cars), and students themselves when there is reason, under the circumstances, to believe that a student has violated a statute, policy, or rule, or that the search may reveal items which may be injurious to the health, welfare, safety, or morals of the students or employees in the school. Specially trained dogs may also be brought in to the school to assist in searches when deemed necessary by school administration. Failure to submit to the search will result in immediate suspension. ***This includes searching bags prior to overnight trips.**

Announcements/Pledge of Allegiance

The announcements will be read to all students during first period. Lunch count will also be taken at this time and we will recite the Pledge of Allegiance each morning.

Activity Tickets

Student activity tickets are offered to give each student the opportunity to attend home high school sporting events and Fine Arts activities at a minimum price. **This ticket does not cover admittance to tournaments.**

Change of Address

Please inform the Middle School office if you change your address or telephone number.

Closing School

Information concerning the closing of school during times of emergencies can be secured by school website, school app, or tuning to the news broadcasts over the following radio stations:

KMSD 1510 AM 106.3 FM

Dances

During the school year we plan on having 2 school dances. The following rules will be in effect for these dances:

- 1) All dances will start at 6:00 PM and end at 8:00 PM
- 2) Dances will only be open to Milbank Middle School students unless approval has been granted by the Principal.
- 3) Once a student leaves the dance, they will not be allowed to return.
- 4) If a student is suspected of being under the influence will be asked to leave and could face possible legal action.
- 5) You must wear clothes that are appropriate during the school day. If you are dressed inappropriately, you will be asked to leave the dance.
- 6) Sexually suggestive dancing will not be tolerated.
- 7) School dances are a privilege. Students who are on ICU, have excessive absences, or have been suspended are not allowed to attend dances.

Fire Drills

Fire drills are required by state law and are an important safety precaution. It is essential that when the fire alarm goes off, everyone obeys orders promptly and clears the building by the route given to the students by the classroom teacher as quickly as possible.

Tornado Drills

Tornado drills will be conducted during the fall and spring of each year. Students will be instructed in the procedure to follow for the drill.

Lockdown Drills

At the discretion of the administration.

Noon Hour

Milbank Middle School institutes a closed campus policy to ensure the safety of its students. At the Middle School, we do go outside when the weather permits for a short recess. All students are required to do so. During the winter months on the days we do go outside, we ask students to have coats and hats. There is no need for boots or snow pants, as we stay off of the snow.

Visitors

Due to safety concerns, no visitors will be allowed during the school day. The exceptions will be parents or adults who are working in a classroom or guests of a classroom teacher.

Books and Book Fines

Your textbooks and library books are loaned to you by the taxpayers of the school district without cost. Take care of them! You will be fined if you misuse or lose them. Each teacher can assess fines for damages done to textbooks.

Guidance Services

The purpose of the guidance department is to assist each student in their social, educational, vocational, and personal development. The Guidance Counselor is in his/her office daily from 7:45-3:45pm. Students needing a conference with the counselor will be given top priority. The guidance counselor will assist the students in the following areas:

- 1) Recommending materials that the student may use to improve his/her study or test taking skills.
- 2) Planning a schedule and school program.
- 3) Making realistic curriculum selections and suitable plans for the future.
- 4) Assisting students with post-secondary education decisions and advice.

Cell Phone Policy

Cell phones are not allowed in any classroom. Students are required to have their phones either off or silenced in their lockers during the day. Multiple incidents may result in the principal keeping the phone for 24 hours. Failure to relinquish a phone will result in immediate suspension.

SCHOOL HEALTH SERVICES AND POLICIES

The school nurse is on duty in the building from 8:00 AM to 2:24 PM and assumes responsibility for student attendance in cooperation with the office staff. An Emergency Medical Data card is required for each student enrolled in the Milbank School District. Please indicate any current medications, allergies or health problems of the student on this card and include the name and telephone number of an emergency contact person if the parents/guardians are not available. This card also includes a directive to dispense certain nonprescription medications from the health office. None of these medications can be given to a student unless the student has a card on file. **This is extremely important!**

Any medication (prescription or over the counter) brought from home to be administered during the school day will be done by the school nurse or authorized personnel. All medication is to be brought to the nurse's office prior to 8:15 AM and dispensed from there. Students are **not allowed** to keep any medication in their locker. A medication consent form must be completed and signed by a parent or guardian before the nurse can dispense any medication. The Medication Release/Request form may be obtained from the nurse's office.

If a student's participation in Physical Education class needs to be limited due to illness or injury, the parent/guardian is to notify the school nurse with a signed and dated written request prior to 8:15 AM. **A health care provider's order to excuse a student from P.E. is required if these limitations exceed three school days.**

The Health office is to be used **ONLY** by those students who are ill or in need of assistance, **NOT** as an excuse to get out of class, or a place to sleep. Any health concerns a student may have should be discussed with the school nurse.

Student Records

Parents have access to school district records pertaining to their child(ren) according to district, state, and federal guidelines. Confidentiality of student records according to district, state, and federal laws and policies will be maintained. The Federal Educational Rights and Privacy Act (FERPA) provide parents (and eligible students) the right to control and examine the student's record. An educational agency or institution shall give full rights under FERPA to either parent, unless the agency or institution has been provided with evidence that there is a court order, state statute, or other legally binding documents relating to such matters as divorce, separation, or custody that specifically revoke these rights.

Attendance

It is the goal of Milbank Middle School to provide educational opportunities for all students. To do this, one of the most important factors is for the student to be physically present in school. **Students should consider school their number one priority** and if they are absent from class, they are missing out on information that is presented. While it is true that written work can be made up; class instruction, presentations, audio-visual presentations, and student-teacher interaction can never be made-up. The classroom teacher will take attendance each class period. It has been proven through research that students who have very few absences perform at a higher level than students with excessive absences.

Absences

Students are allowed a maximum of eight (8) absences per semester excused.

A.) **Illness-** We would like parents/guardians to notify the office as soon as possible on the day of the absence. Upon returning to school, the student needs to present a written note from the parent/guardian explaining the absence.

B.) **Medical and Dental** - In these cases, when a student returns to school, the absence will be exempt if a card/note is presented from the professional or office upon return. Students are expected to obtain their assignments for the time they will miss. This also includes funerals.

C.) Family Vacations- Parents/Guardians should call to inform the office of an impending family vacation and send a note with their child well in advance of the trip. The student will be issued an advance make-up slip which needs to be taken to each teacher and signed by the teacher. Prior to leaving for the trip, the student must turn in the make-up slip with all signatures and work must be completed if the teacher requested so.

D.) School Sponsored Activities/Athletics- It is the responsibility of the student-athlete to complete work as requested by the classroom teacher of the class they will miss.

Excessive Absence Policy

Regular attendance is one of the established principles that underlies and gives purpose to education. Recognizing the importance of regular and punctual attendance, the Board of Education urges each student, with the assistance of that student's parents, to establish and maintain a satisfactory record of attendance. It is expected by the Board of Education that no student will be absent (excused and unexcused) for more than 8 cumulative days per semester. When potentially excessive absences become apparent to the attendance officer, the following steps will be taken to correct the cause of such absences:

- 1) When a student records eight (8) cumulative days of absences in any semester, the principal will notify the student and the student's parent/guardian by letter. All absences beyond eight (8) will be unexcused unless at the directive of a doctor.
- 2) When 12 absences are reached, truancy paperwork could be filed with the States Attorney.
- 3) ***Students must be in school at the beginning of period 5 in order to participate in activities.**

Tardiness

Tardiness is defined as any unexcused appearance of a student when a class begins. Tardies will only be given for the first 10 minutes of class. If a student arrives to class more than 10 minutes late, it will be considered an absence. You will not be tardy if you have a pass from another teacher. **If you arrive to school after 8:15, you must report to the office to check in. Students are allowed a max of two (2) tardies per class period per semester. Excessive tardies will also affect attendance to special activities.**

Perfect Attendance

Students who have had perfect attendance for the entire school year will be recognized at the end of the year. Perfect attendance will be defined as having been in school every day, all day with no more than two (2) tardies and two (2) periods of absence excused or exempt. The only exception to this is involvement in a school-sponsored activity and funerals.

Grading Scale

Milbank Middle School makes serious attempts to evaluate the progress of the students. The following grading scale will be used by all teachers for this purpose:

- | | | |
|---|----------|---|
| A | 100-92.5 | The student is more than meeting the demands of the teacher and has their work in on time. The work is superior quality. It shows mastery of the subject matter. The student demonstrates a positive attitude in the class. |
| B | 92-83.5 | The work is of superior nature and the required work is well done. The student meets the demands of the teacher and contributes positively to the class. |
| C | 83-71.5 | The student completes the required work in a satisfactory manner. The work is on time and is average in quality. |
| D | 71-64.5 | The student is not doing the assigned work, is dependent on others, is inconsistent, uncertain, and not understanding the material. Work is below average, but does show some growth. |
| F | 64-below | The student is doing unsatisfactory work. |

Honor Roll Requirements

There are three (3) levels of the Honor Roll.

| | |
|---------------------------------------|----------------|
| <u>Honor Roll Perfection:</u> | 4.00 or higher |
| <u>Honor Roll Distinction:</u> | 3.50 or higher |
| <u>Honor Roll Merit:</u> | 3.00 or higher |

Incomplete Grades

If a student does not complete all of their required work at the end of a quarter or semester, their grade is incomplete. They will have a period of 2 weeks after the end of a quarter to turn in all overdue or previously incomplete work to receive full credit. After 2 weeks, the grade will be calculated with or without the incomplete work and marked as final.

Cheating on Work and/or Tests

If a student is found to have cheated on an assignment or test, notification of parents will follow. A meeting between the student and teacher will be set up, and the student will be required to re-do the work that was cheated on the first time. Additional consequences are possible depending upon the individual situation.

Student Event Attendance

Attending such events as dances, Prom, games, plays, etc. is a privilege and not a right. The Principal will use his discretion in determining whether or not all students will be able to attend these events. Possible reasons for students not being able to attend could include but are not limited to poor attendance, unsatisfactory grades, behavior issues, suspension etc.

Dress Code

Students are expected to dress in a neat and clean manner. There will be no discrimination on the basis of sex/gender or how the staff and administration interpret these regulations. Students in violation of the dress code policy will wear a suitable replacement or be sent home.

Dress Regulation Guidelines:

- 1) Students are not to wear shorts, cutoffs, **which includes cut off sweat**, unless the Principal grants permission.
- 2) Skirts must extend beyond the tips of your finger.
- 3) Shoes are encouraged to be worn at all times, and a pair is required to be at school.
- 4) Undergarments worn as outer clothing are not acceptable.
- 5) Undergarments may not be showing- underwear, bra straps
- 6) No clothing that is **excessively** ripped, ragged, torn, or frayed may be worn.
- 7) No clothing or accessories may be worn that would possibly cause injury or harm to another person.
- 8) No clothing will be permitted that has printing or illustrations that are offensive or that advertise alcohol, tobacco, or establishments that distribute such items.
- 9) No hats, caps, or head coverings are to be worn in the school building or in a building that is sponsoring a school event. **This includes bandanas and scarves.**
- 10) Clothing will not be worn that exposes the mid-riff area.
- 11) Tank tops or tops with spaghetti straps are not permitted.
- 12) Any article of clothing that is offensive to staff or other students will not be permitted.

Computer User Policy

Each year the Milbank School District requires that any student who is going to use a school computer follow certain rules and guidelines. The rules and guidelines are written in our Acceptable Use Policy which is located at the end of this section. The students will be bringing this policy home for both the parents and student to read and sign. If a student violates this policy, computer privileges will be suspended according to the policy.

Dismissal from Class- Voluntarily Leaving A Class

When an instructor dismisses a student from class, the student is to report immediately to the Principal's office. The student will not be re-admitted to the class until the student has talked to the Principal. Any student dismissed or that walks out of a class will result in making up the missed work along with consequences of possible detentions or suspensions.

Fighting

Milbank Middle School will not tolerate fighting or physical confrontation. This includes in the hallway, classroom, school grounds, or at any school function. Fighting will result in a consequence that include possible in or out of school suspensions and possible legal action. Verbal threats will be treated the same as fighting.

Insubordination

Students are expected to follow the directives of all school employees at all times when in the building or on school grounds. Students are also expected to exercise proper respect and courtesy to all school employees.

Profanity

The use of profane or inappropriate language will not be tolerated at Milbank Middle School. This includes the classroom, hallway, or at a school activity. The consequence ranges from detention to out-of-school suspension. If the infraction is directed at another person, the student could be suspended from school. The consequence will be determined by the Principal.

Display of Affection

The school setting is not an appropriate place to display overly affectionate behavior. This includes, but is not limited to, walking arm-in-arm or kissing. Your cooperation in this matter is appreciated.

Personal Electronic Devices

As was noted earlier, cell phones are to be off or silenced in your locker at all times during the day. Smart watches are permitted but teachers can ask to have them placed on their desk during a test or quiz. Other PED may be used with the permission of administration.

Lockers

USE ONLY THE LOCKER ASSIGNED TO YOU! CAUTION: Do not give your combination to anyone. The school assumes no responsibility for any loss of property belonging to students. If you have locker problems, report it to the office. Keep your locker clean and orderly. Posters, pictures, and other material displayed in the lockers must be appropriate. Lockers are property of the school district and are therefore subject to searches and inspections by school personnel at any time. (See Search and Seizure Policy) Damage to lockers should be reported to the office. Students may be assigned to a new locker and may lose the right to use a locker. The student will be fined for damage to their locker as the situation warrants. It is also against school policy to "JAM" your locker. **Consequences for kicking or damaging the locker in anyway will be immediate detention and if it continues, suspension will be considered as well as restitution.**

Suspensions (ISS/OSS)

If a student is given an In-School-Suspension, he/she will be placed in an appropriate area and will work on their schoolwork or janitorial work. The freedoms and movements of the student in this setting will be monitored by an adult and the Principal's office. In the case of an Out-Of-School Suspension, the student will be sent home for the specified time. During an out-of-school suspension, all work that is missed by the student must be made up for credit. If the student doesn't complete the work, an I will be reported on the report card until completed. The student will receive credit for daily work missed during an OSS.

Students serving any type of suspension are not allowed to participate in or attend an athletic event or school related activity.

Candy, Gum, and Refreshments

Students may chew gum. Students may not consume soda pop during the school day unless they have been given special approval by the Principal. Any student caught breaking this rule will be warned and reoccurrence will result in detention. Students are reminded that all food must be consumed in the lunchroom. **You may bring water bottles to school to use each day. The bottles should be left in your locker overnight.**

Smoking, Tobacco, Vaping, and Juuling

Students are not permitted to smoke, vape, or use tobacco products at any time in the school building, on school grounds, or within the area surrounding school grounds. This applies to all school sponsored activities, noon hour passes, and during the regular school day. Violation of this rule constitutes a serious offense and suspension from school and detention will be given. Possession of tobacco is illegal and shall not be present in the lockers or on the student. Law enforcement will be notified when laws are broken. Milbank High school is a smoke-free facility.

Alcohol/Drug Use

The use or possession of alcoholic beverages, drugs and narcotics or synthetic mood altering drugs is prohibited on school property or at school sponsored activities or events. Disciplinary action will be taken when this policy is violated. Administration and staff will have the authority to exclude students from activities and events if it is suspected that alcoholic beverages have been consumed. Law enforcement will be notified if you violate school board policy JFCH/JFCI. A copy of this policy will be distributed to students during the first week of school.

Dangerous Weapons in School

State and Federal laws, as well as school board policy forbids the bringing of dangerous or illegal weapons to school or school sponsored activities or events. Any weapon taken from a pupil will be reported to the student's parent/guardian. Confiscation of weapons will also be reported to law enforcement. Appropriate disciplinary or legal action or both will be pursued by the building principal.

A dangerous weapon is defined as any firearm, air gun, laser, knife or device, instrument, material or substance, whether animate or inanimate, which is calculated or designed to inflict death or serious bodily injury.

Any student bringing a firearm to school will be expelled for not less than 12 months and will be referred to law enforcement authorities.

**Milbank School District Transportation Plan for Students in Foster Care
under Every Student Succeeds Act of 2015**

Under ESSA, transportation procedures for children in foster care must:

- Ensure that children in foster care needing transportation to the school of origin (SOO) will promptly receive transportation in a cost-effective manner and in accordance with the CPS's authority to use child welfare funding for SOO transportation.
- Ensure that, if there are additional costs incurred in providing transportation to maintain children in foster care in their SOO, the district will provide transportation to the SOO if the local CPS office agrees to reimburse the LEA for the cost of such transportation.
- the district agrees to pay for the cost of such transportation; or
- the district and the local CPS office agree to share the cost of such transportation.

District Point of Contact:

Marie Ivers, Special Services Director/Federal Programs Coordinator

Marie.Ivers@k12.sd.us

1001 East Part Ave

Milbank, SD 57252

CPS Point of Contact:

DSSRegion5EA@state.sd.us

(605) 432-9588

Sequence and Procedure:

1. When a student is placed in foster care or changes residence while in foster care, the CPS worker must notify the school district contact person. If the new residence is not in the same school district, the district's Point of Contact (POC) must be notified.
2. If necessary, the district's POC can notify the School of Origin's transportation designee.
 - a.) The POC should provide the student's name, current school, new residence address, and whether the student has an IEP with specialized transportation.
 - b.) The POC or the transportation designee identifies potential ways that the child could be transported to the School of Origin if that is in the best interest of the child.
3. The CPS worker and the district POC share their information. The joint decision is made by the CPS worker and the district POC.
4. If the decision is that the student will remain in the current school, the district POC can notify the transportation designee, who then assists in arranging transportation to and from school.

Options:

Multiple factors will be considered and addressed when determining transportation options for these students, including: safety for the student and other students being transported; student age; length of commute; and distance. Information from the POC and/or transportation designee about these factors will be provided so that the plan will be in the best interest of the child and include consideration of cost-effective measures.

The following options can be considered to provide transportation:

1. Existing transportation can be modified slightly to accommodate the new address such as:
 - a.) An existing bus route can be used.
 - b.) An existing bus route can be modified slightly to accommodate the new address.
 - c.) Specialized transportation offered to other students can be accessed, such as:
 - I. School district car;
 - II. Public transportation;

2. The CPS worker also should explore options outside of those provided by the school district, such as reimbursing the foster parents for transportation costs, or including transport in contracts with licensed child placing agencies or group homes.

Funding:

If the Milbank School District can offer an existing means of transportation at no additional cost, CPS will not be charged.

CPS and the Milbank District can work together, as described above, to provide a form of transportation that best meets the child's needs. CPS will explore different funding sources to assist with transportation. The school district's Title I, Part A funds may be used to assist with excess transportation costs if funds exist after mandated responsibilities (such as transportation for students experiencing homelessness).

If the student has an IEP that includes provisions for specialized transportation, transportation must be provided by the school district responsible for the student's Free Appropriate Public Education (FAPE). Based on South Dakota's special education regulations, any alternative special education placement, whether public or private, assumes specialized transportation is part of the IEP and must be provided for the student to receive FAPE.

Milbank School District Parent Engagement Policy

Part 1: District Expectations

Milbank School District's written Parent and Family Engagement Plan establishes the district's expectations for parental involvement. The policy is driven by Milbank School District's vision: "Empowering All Students to Meet Life's Transitions and Future Challenges". Dear Parent(s)/Legal Guardian(s):

If your child attends Milbank Elementary, please know that your child benefits from Federal Title I funds to assist students in meeting state achievement standards. This is accomplished through direct access to additional help with reading and/or math, small group settings, smaller class sizes, or from family engagement events. Throughout the school year, we will be providing you with important information about this law and your child's education. This letter lets you know about your right to request information about the qualifications of the classroom and building staff working with your child.

At Milbank Elementary, we are very proud of our teachers and feel they are ready for the coming school year and are prepared to give your child a high-quality education. As a Title I School, we must meet federal regulations related to teacher qualifications as defined in ESSA. These regulations allow you to learn more about your child's teachers' training and credentials.

We are happy to provide this information to you. At any time you may ask:

- Whether the teacher met state qualifications and certification requirements for the grade level and subject he/she is teaching,
- Whether the teacher received an emergency or conditional certificate through which state qualifications were waived, and
- What undergraduate or graduate degrees the teacher hold, including graduate certificates and additional degrees, and major(s) or area(s) of concentration.

Our staff is committed to helping your child develop the academic knowledge and critical thinking he/she needs to succeed in school and beyond. That commitment includes making sure that all teachers and paraprofessionals meet applicable South Dakota state requirements.

If you have any questions about your child's assignment to a teacher or paraprofessional, please contact your building's principal or email me at Marie.Ivers@k12.sd.us.
