## Health and Safety Protocol

To keep our students and staff healthy, please follow the CDC's Respiratory Virus Guidance summarized in infographic below. Parents, please do a daily pre-screening of your child's health before sending them to school. ***If your child feels unwell, please keep them home.***

### Respiratory Virus Guidance Snapshot

**CORE STRATEGIES**

#### Core Prevention Strategies

Immunizations

Hygiene

Steps for Cleaner Air

Treatment

Stay Home and Prevent Spread\*

**ADDITIONAL STRATEGIES**

#### Additional Prevention Strategies

Masks

Distancing

Tests

**\*Stay home and away from others until,**

**and**

Your symptoms are getting better

You are fever-free (without meds)

**for 24 hrs**

Then take added precaution for the next 5 days

Layering prevention strategies can be especially helpful when:

- ✓ Respiratory viruses are causing a lot of illness in your community
- ✓ You or those around you have risk factors for severe illness
- ✓ You or those around you were recently exposed, are sick, or are recovering

BE KIND • WORK HARD • KEEP LEARNING
