# Sherwood Elementary School 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year) 

General Information about the School Accountability Report Card (SARC)

SARC Overview

## DataQuest

California School Dashboard

## Internet Access

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest// that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

The California School Dashboard (Dashboard)
https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Sherwood School is an alternative small school located ten miles outside of Willits, California. Sherwood School serves a widely scattered population living on ranches, homesteads, and the Sherwood Rancheria Band Reservation within the Sherwood Road vicinity. The school is also open to all students living in and around the Willits community. The school has an enrollment of approximately 45 students in kindergarten through fifth grades. The school currently consists of three classrooms (K-1, 2-3 and 4-5) which are supervised by a shared principal, 3 FTE teaching staff, 1.0 FTE combined district position: secretary/classroom assistant, and 3 part time Instructional assistants.

Sherwood School is partially funded by a state grant for a Necessary Small School which is administered by the Willits Unified School District. Since its opening in 1984, the operations of Sherwood School have depended upon the combined support of the parents and the Willits Unified School District. Families have volunteered their time providing reliable transportation to school as well as maintenance, construction and improvements to the school.

The 1984 agreement establishing Sherwood Elementary School outlined the joint responsibility for Special Education Services. The District offers Special Education services to the students and parents are responsible to transport their student to and from the services that are available in town.

Sherwood School is fortunate to have an extremely active group of supporters known as Friends of Sherwood School, Inc (FOSSI). This group actively seeks out grants and fund-raises to provide additional experiences for the students such as field trips, art and music instruction.

The combined efforts of the district, families, teachers and students to improve the quality of education at Sherwood, results in a cooperative, family-like environment where children are excited about learning.

Sherwood Elementary School is a Common Core Standards based, family oriented learning community, providing a safe, respectful, and nurturing environment for all students. Our staff, families. and community encourage all students to reach their highest academic and social potential and to be confident, independent thinkers and responsible citizens.

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

| Authorization/Assignment | School Number | School Percent | District Number | District Percent | State Number | State Percent |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned) | 3.50 | 77.78 | 72.90 | 66.04 | 228366.10 | 83.12 |

| Total Teaching Positions | 4.50 | 100.00 | 110.30 | 100.00 | 274759.10 | 100.00 |
| Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students. |  |  |  |  |  |  |

## 2021-22 Teacher Preparation and Placement

| Total Teaching Positions | 5.50 | 100.00 | 113.30 | 100.00 | 279044.80 | 100.00 |

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

## Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

## College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus
the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

## State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2023-24 Opportunities for Parental Involvement

Parent involvement is a key factor to the success of Sherwood Elementary School. Parents are encouraged to volunteer in their child's classroom and share time, expertise, and/or resources. Parent participation is requested in the determination and development of LCAP funding. Friends of Sherwood School, Inc. (F.O.S.S.I.), a non-profit educational foundation, is open to all families and other interested parties who wish to support Sherwood School. This organization's funds enrich and enhance the school's programs by providing funding for field trips, cultural arts activities, supplemental materials and equipment, and guest speakers. Families and members of the community are invited to share in the fundraising activities, including Fall Festival and candy sales. Families receive regular written and verbal communication including notes/letters from teachers, notification of activities, and newsletters and access to grades and attendance through online services.

## 2023-24 School Safety Plan

The school safety plan is adopted annually and provides a comprehensive description of emergency situations and action procedures for earthquake, fire, crisis communication, and other emergencies. A school site critical incident box and first aid kit are located in each classroom and in the school office. A safe orderly environment, with consistent rules, is reinforced with individual and school-wide incentives. Fire, earthquake and intruder drills are conducted as required by state law.

## Professional Development

Teachers take some time each year to improve their teaching skills and to extend their knowledge of the subjects they teach. Here you'll see the amount of time we set aside for the past three years for their continuing education and professional development. This year we have been focusing on research based intervention programs, progress monitoring tools, data reflection and discussions of Common Core State Standards. Staff is being supported in the development in the Common Core lesson design and implementation. Teachers meet in Professional Learning Teams to review data, curriculum and plan for student success. During this time, staff also reflects upon needs for their programs.

Results of state, district, and classroom assessments are analyzed to develop needed professional development. From 2017 to 2020, the site staff has focused upon:

1. Aligning pacing guides with state standards/curriculums
2. Creating and developing an intervention program for both ELA and Math that supports struggling students as well as implementing extension materials for students that are Proficient/Advanced
3. Developing school wide Writing programs.
4. Renaissance STAR reading assessment on every student 3 times a year.

## In 2021-2022:

Staff had 4 days that staff met virtually before the start of the school to for Professional Development for the school year. There was an additional 2 days added as we moved back to in person instruction to prepare classrooms.

In 2022-2023:
Staff had 4 days to meet in person. They were trained on use of curriculum- Language arts (K-8), and Social Studies (6-8), and Math (K-8). There was an additional day added for teachers to make emergency lesson plans in case of a return to distance learning.

## Professional Development

In 2023-2024:
Staff had 4 full days as well as two partial days to meet in person for professional development. K-2 teachers focused on ensuring all students are reading at gradfe-level. Grades 3-5 teachers focused on the adoption and implementation of our new social studies adopted curriculum.

This table displays the number of school days dedicated to staff development and continuous improvement.
