Star Test Record Report

Click the push pin in the corner to pin a report tile to the top of the page.

Select Options and View Data

4. These options may be helpful—
- Select a class period in " students"
- Choose a trimester in "Date Range"
- Uncheck "page Break Between Students" if the report is not for sending home.

5. Select appropriate options, then click **Update Report**

6. Scroll down to see data OR look in the top right corner for export/PDF icons

Please submit a tech support ticket if you do not see the students you expect to see.

🔍 Data Defined

GP	Score	GE	PR	NCE	IRL	Est. ORF	ZPD
8.26	1082	6.7	30	39	6.6	-	4.2 - 6.7

GP-Grade Placement- This shows the students literal grade

GE-Grade Equivalent- This shows how a student compares to other students nationally, eg [6.7] means student read at a level a typical 6th grader after 7 months of school.

PR–Percentile Rank- This shows a percentage of students in the norming group who had lower scores, eg [30] means student read as well or better than 30% of students in the same grade

IRL- Instructional Reading Level- criterion-referenced score indicating the highest reading level at which a student is at least 80% proficient at recognizing words and understanding material with assistance.

ZPD- Zone of Proximal Development- This shows the approximate range of readability levels from which a student should select books to read.
