A Message from Dr. Langraf

A lot of research has been conducted on the impact of parent involvement with their child's education. Ultimately, students with involved parents are more likely to have higher grades and better social skills. There are many ways to be involved with your child's education including checking their backpack for younger students, sitting with students while they complete homework, reading to your child, attending school sponsored events, asking students about their day, communicating with the teachers, and many more.

Parent/Teacher Conferences are a great way to communicate with the teachers and learn more about your child's day, activities, as well as academic and social progress. Parent/Teacher conferences are scheduled for October 31 from 8 am until 3:30 p.m. and on November 1 from 10:30 a.m. until 6 p.m. Students will not have school on either of these days in order to host conferences. I highly encourage all parents to make an appointment to meet with their teacher for discussions about their child/children. Please look for a letter coming home from the principal's office for details regarding online scheduling of conferences.

A Note from Nurse Kate...

Please remember, to keep everyone healthy, the district requests students stay home for 24 hours after an episode of vomiting, diarrhea or fever without the help of medicine to reduce it.

The Tiny Library will be open with modified hours and services. Remember that your library card gives you access to 500+ libraries. During our closure, please be sure to utilize this service!
