Exhibit - Prevention of Staphylococcal Infections for Schools

The following resources from the Ill. Dept. of Public Health (IDPH) and Centers for Disease Control and Prevention (CDC) may be distributed to students and their parents/guardians and staff to inform them about what staphylococcus aureus is, how it spreads, and how staph infections can be prevented:

- <https://dph.illinois.gov/topics-services/diseases-and-conditions/diseases-a-z-list/mrsa.html>
- www.cdc.gov/mrsa/community/
- Additional factsheets for parents, athletes and staff are available at: www.cdc.gov/mrsa/community/posters/index.html.

The local health department may also have more information specific to the District's jurisdiction.
