Drug Free Workplace

It is vitally important to have a healthy workforce that is free from the effects of illegal drugs. The use or possession of unlawful drugs in the workplace has a very detrimental effect upon safety and morale of the affected employee, coworkers, and the public at large; and on productivity and the quality of work.

Federal law requires this school district, as a recipient of federal funds, to maintain a drug-free workplace. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in the district's workplace is prohibited. The term "workplace" includes every location where district employees may be found during their working hours or while they are on duty, regardless of whether the location is within the geographic boundaries of the district. Any employee who violates this policy will be disciplined with measures up to and including discharge. The district may, in its sole discretion, require or allow an employee who violates this policy to participate in and satisfactorily complete a drug abuse assistance or rehabilitation program.

The district shall provide every current employee with a copy of this policy, and shall provide each newly hired employee with a copy upon hiring. Every employee shall be required to signify receipt of a copy of the policy in writing. All district employees must abide by this policy, including those who are not directly engaged in the performance of work pursuant to a federal grant.

An employee must notify his/her supervisor of any conviction of a criminal drug statute for a violation occurring in the workplace within five days. The failure to report such a conviction will be grounds for dismissal. If the employee convicted of such an offense is engaged in the performance of work pursuant to the provisions of a federal grant, the district shall notify the grant agency within 10 days of receiving notice of a conviction from the affected employee or of receiving actual notice of such a conviction.

Drug Policy Regarding Drivers

Policy Statement. Drivers for the school district must be free from drug and alcohol abuse, and the use of illegal drugs or improper use of alcohol is prohibited. The overall goal of drug and alcohol testing is to insure a drug-free and alcohol-free transportation environment, and to reduce accidents, injuries and fatalities.

Designated Contact. The school district has designated the Superintendent as the individual any driver may contact with questions about this policy or the school district's drug testing program and procedures for drivers. This individual further maintains and may provide drivers with informational materials concerning the effects of alcohol and controlled substances use on an individual's health, work, and personal life; signs and symptoms of an alcohol or a controlled substances problem (the driver's or a co-worker's); and available methods of intervening when an alcohol or controlled substances problem is suspected, including confrontation, referral to any employee assistance program and/or referral to management.

The Superintendent may be contacted at 605-239-4387.

Covered Drivers. Any person who operates a commercial motor vehicle on behalf of the school district is covered by this policy and the school district's drug testing program and procedures for drivers. All covered drivers must provide the school district a signed statement certifying that he or she has received a copy of this policy and related materials.

Covered Workday. A driver is required to comply with this policy and the terms of the school district's drug testing program and procedures for drivers at all times they are assigned, or may be assigned, to perform safety-sensitive functions. This includes all time from the time a driver begins to work or is required to be in readiness to work until the time he/she is relieved from work and all responsibility for performing work. Safety-sensitive functions include: (1) all time at a school district facility or property, contractor facility or property, or on any public property, waiting to be dispatched, unless the driver has been relieved from duty by the school district; (2) all time inspecting equipment as required by state or federal law or regulation and any and all other time inspecting, servicing, or conditioning any commercial motor vehicle; (3) all time spent at the driving controls of a commercial motor vehicle in operation; (4) all time, other than driving time, in or upon any commercial motor vehicle; (5) all time loading or unloading a vehicle, supervising, or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or

receiving receipts for shipments loaded or unloaded; and (6) all time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

Prohibited Conduct. No driver shall: (1) report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater; (2) use alcohol while performing safety-sensitive functions; (3) perform safety-sensitive functions within four hours after using alcohol; or (4) refuse to submit to a pre-employment controlled substance, a post-accident alcohol or controlled substance test, a random alcohol or controlled substances test, a reasonable suspicion alcohol or controlled substance test, a return-to-duty alcohol or controlled substances test, or a follow-up alcohol or controlled substance test required under state or federal law or this policy. No driver required to take a post-accident alcohol test shall use alcohol for eight hours following the accident, or until he/she undergoes a post-accident alcohol test, whichever occurs first.

No driver shall: (1) report for duty or remain on duty requiring the performance of safety sensitive functions when the driver uses any drug or substance identified in 31 CFR 1308.11 Schedule 1; (2) report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any non-Schedule I drug or substance that is identified in the other Schedules in 21 CFR part 1308 except when the use is pursuant to the instructions of a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that the substance will not adversely affect the driver's ability to safely operate a commercial motor vehicle; or (3) report for duty, remain on duty or perform a safety-sensitive function, if the driver tests positive or has adulterated or substituted a test specimen for controlled substances.

Types of Testing. Pursuant to regulations promulgated by the Department of Transportation (DOT), the district has implemented four types of testing: (1) pre-employment testing, (2) reasonable cause testing, (3) post-accident testing and (4) random testing.

Refusal to Submit to Testing. A driver shall not refuse to submit to testing. A driver will be considered to have refused to submit to testing if the driver fails to provide a sample or specimen necessary for testing upon a lawful request, consistent with the required testing protocols. The refusal to submit to the testing used by the district will be grounds for refusal to hire driver applicants and to terminate the employment of existing drivers.

Consequences for Violations. Any driver who becomes unqualified on the basis of violation of the terms of this policy will be subject to disciplinary action which may include termination of the driver's employment, and shall include

the immediate removal from safety-sensitive functions in compliance with federal law. No driver tested pursuant to this policy and the school district's drug testing program and procedures who is found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall perform or continue to perform safety-sensitive functions until the start of the driver's next regularly scheduled duty period, but not less than 24 hours following administration of the test.

Return to Duty Process. A driver who has violated this policy or the school district drug testing program and procedures cannot again perform any safety-sensitive functions until and unless the employee completes the return-to-duty process, including the substance-abuse professional's (SAP) evaluation, referral, and recommended education or treatment. The school district will provide employees the relevant contact information for available and acceptable SAPs as necessary, but the school district is not required under the law to provide a SAP evaluation or any subsequent recommended education or treatment for a driver. Any driver completing the return-to-duty process must complete a return-to-duty test and test negatively.

Disqualification. Any applicant who tests positive for the presence of the following drugs is medically unqualified to drive and will not be considered for the position of driver: (1) marijuana, (2) cocaine, (3) opiates, (4) amphetamines, or (5) phencyclidine (PCP). Any district driver who tests positive shall be medically unqualified and removed from service immediately.

Pre-employment Testing. All applicants for employment must submit to drug and alcohol tests as a condition of being considered for employment.

Reasonable Cause Testing. The district shall have reasonable cause to require a driver to submit to drug testing when a driver manifests physical or physiological symptoms or reactions commonly attributed to the use of controlled substances or alcohol.

Post-Accident Testing. A driver who has been involved in a reportable accident must submit to drug and alcohol testing as soon as possible. A reportable accident includes any accident in which there is a fatality, a person is injured and must be treated away from the accident site, the driver receives a citation for a moving violation, or a vehicle is towed from the scene. The driver must notify the district immediately regarding any reportable accident.

Serious Injury to the Driver. If a driver is so seriously injured that he or she cannot submit to testing at or immediately after the time of the accident, the driver must provide the necessary authorization for the district to obtain

hospital reports or other documents that would indicate whether there were controlled substances or alcohol in the driver's system.

Random Testing. All drivers will be subject to unannounced random testing for drugs and alcohol. The district or its agents will periodically select drivers at random for testing. A district official will notify a driver when his or her name has been selected and will instruct the driver to report immediately for testing. By its very nature, random selection may result in one driver being tested more than once in a 12-month period, while another driver may not be selected at all during the same 12 months.

Frequency of Random Testing. Under DOT regulations, the district must test at least 50 percent of its average number of driver positions for drugs and 25 percent of its average number of driver positions for alcohol each year. The tests must be unannounced and spread evenly throughout the year. DOT regulations also require that every driver selected at random must have his or her name placed back in the random pool for the next selection period.

Testing Procedure. All urine and blood specimens collected under the policy will be submitted to an approved laboratory for testing. Specimens that initially test positive for drugs will be subjected to a subsequent confirmation test before being reported by the laboratory as positive. All such specimens collected and submitted will be maintained securely to safeguard the validity of the test results and maintain the integrity of the testing process while ensuring the results are attributed to the correct driver.

Medical Review Officer. All laboratory test results will be reported by the laboratory to a medical review officer (MRO) designated by the district. Negative test results will be reported as such by the MRO to the district. Before reporting a positive test result to the district, the MRO will attempt to contact the driver to discuss the test result. If the MRO is unable to contact the driver directly, the MRO will contact a district official designated in advance by the district, who shall in turn contact the driver and direct the driver to contact the MRO. Upon being so directed, the driver shall contact the MRO immediately or, if after the MRO's business hours and the MRO is unavailable, at the start of the MRO's next business day. If required by DOT regulations, personal information collected and maintained pursuant to this policy shall be reported to the Clearinghouse by the MRO in the event of: (1) a verified positive, adulterated, or substituted drug test result; (2) an alcohol confirmation test with a concentration of 0.04 or higher; (3) a refusal to submit to any test required by this policy and the school district's drug testing program and procedures; (4) an employer's report of actual knowledge that a driver has used alcohol or controlled substances based on the employer's direct observation of the employee, information provided by the driver's

previous employer(s), a traffic citation for driving a CMV while under the influence of alcohol or controlled substances or an employee's admission of alcohol or controlled substance use; (5) on duty alcohol use as prohibited above; (6) pre-duty alcohol use as prohibited above; (7) alcohol use following an accident as prohibited above; (8) controlled substance use as prohibited above; (9) a substance abuse professional report of the successful completion of the return-to-duty process; (10) a negative return-to-duty test; and (11) an employer's report of completion of follow-up testing.

Confidentiality. Pursuant to DOT regulations, individual test results for applicants and drivers will be released to the district and will be kept confidential unless the tested individual consents to their release or release is required by law (such as the release of information to the Clearinghouse.) Any person who has submitted to drug testing in compliance with this policy is entitled to receive the results of such testing upon timely written request.

Retesting. An individual who tested positive for the presence of drugs may request that the original sample be retested. The request for a retest must be submitted in writing on a form provided by the district within 3 working days of the district's notification to the individual that he or she has a positive test result. The individual making the request must pay all costs associated with the retest and transfer of the sample to another laboratory before the retest will be performed.

Employee Leave Under the Family and Medical Leave Act
(FMLA)

The school district shall provide leave to its employees in accordance with the Family and Medical Leave Act ("FMLA"). The terms used herein shall have the meaning ascribed to them under the FMLA.

I. Qualifying for Leave

A. Qualified Employees

1. To be eligible for ***unpaid*** leave under this policy, an employee must:
 - a. Make the request for leave at a time when the school district employs 50 or more workers;
 - b. Have been working for the school district for at least 12 months prior to the request; and
 - c. Have worked a minimum of 1,250 hours during the 12-month period immediately preceding the commencement of the leave.
2. The applicable 12-month period for computing an employee's entitlement to FMLA leave shall be the 12-month period measured forward from the date such employee's first FMLA leave begins.

B. Qualified Circumstances Necessitating Leave

1. The school district will grant an eligible employee up to a total of 12 workweeks of ***unpaid*** leave under the following conditions:
 - a. For birth of a son or daughter, and to care for the newborn child;

- b. For placement of a son or daughter with the employee for adoption or foster care;
 - c. To care for the employee's spouse, son, daughter, or parent with a serious health condition;
 - d. Because of a serious health condition that makes the employee unable to perform the functions of his or her job; or
 - e. Because of any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a Military Member on Covered Active Duty (or has been notified of an impending call or order to Covered Active Duty) in National Guard, Reserves, and/or Regular Armed Forces in support of a contingency operation
2. The school district will grant an eligible employee who is the spouse, son, daughter, parent or next of kin of a Covered Servicemember a total of 26 workweeks of **unpaid** leave during a 12-month period to care for the service member as permitted under the FMLA. The leave described in this paragraph shall only be available during a single 12-month period.

For purposes of this provision and this policy, "Covered Servicemember" includes both Military Members and covered Veterans, so long as the covered Veteran was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered Veteran.

3. During the single 12-month period described in paragraph I(B)(2), an eligible employee shall be entitled to a combined total of 26 workweeks of leave under paragraphs I(B)(1) and I(B)(2). Nothing in this paragraph shall limit the

availability of leave under paragraph I(B)(1) during any other 12-month period.

C. Limitations on Leave

1. Leave for birth or placement for adoption or foster care must conclude within 12 months of the birth or placement.
2. In any case in which a husband and wife both employed by the school district are entitled to FMLA leave:
 - a. The aggregate number of workweeks of FMLA leave to which both are entitled is limited to 12 during any 12-month period if such leave is taken (i) because of the birth of a son or daughter of the employee and in order to care for such son or daughter; (ii) because of the placement of a son or daughter with the employee for adoption or foster care; or (iii) to care for a sick parent who has a serious health condition; and
 - b. The aggregate number of workweeks of FMLA leave to which both that husband and wife are entitled is limited to 26 during the single 12-month period in which leave is taken to care for a Covered Servicemember and the husband and wife employees are both either the son, daughter, parent, or next of kin of such Covered Servicemember, if the leave is taken for this reason or a combination of this reason and one of the three reasons described in paragraph I(C)(2)(a). If the leave taken by the husband and wife includes leave described in paragraph I(C)(2)(a), the limitation in paragraph I(C)(2)(a) shall apply to the leave described in I(C)(2)(a).

D. Qualifying Notice and Certification

Employees seeking to use FMLA leave will be required to provide:

1. 30-day advance notice when the need to take the leave is foreseeable; provided, if (a) the leave is for needed treatment which is required to begin in less than thirty days or (b) the leave is for the reason set forth in paragraph I(B)(1)(e), the employee shall provide such notice to the school district as is reasonable and practical;
2. Medical certification supporting the need for leave due to a Serious Health Condition affecting the employee or family member or to care for a Military Member, and/or due to a Serious Injury or Illness to care for a Veteran;
3. Second or third medical opinions and periodic re-certifications (at the school district's expense);
4. Certification supporting the need for leave because of a qualifying exigency arising out of the fact that the employee's spouse, son, daughter or parent is a Military Member on Covered Active Duty (or has been notified of an impending call or order to Covered Active Duty) in the National Guard, Reserves, and/or Regular Armed Forces in support of a contingency operation;
5. Certification supporting the need for leave to care for a Veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered Veteran, and who is undergoing medical treatment, recuperation, or therapy for a Serious Injury or Illness; and

6. Periodic reports during leave, at a frequency reasonably requested by the superintendent, regarding the employee's status and intent to return to work.

E. Scheduling Leave

When leave is needed to care for a family member, for the employee's own illness, or to care for a Covered Servicemember, and such leave is foreseeable based on planned medical treatment, the employee must attempt to schedule treatment so as not to unduly disrupt the school district's operations.

II. Relationship with District During Leave

A. Leave to Be Unpaid

All leave provided to employees under the provisions of the FMLA and this policy shall be unpaid leave.

B. Substitution of Paid Leave

1. The school district requires employees to substitute any accrued paid vacation leave, paid personal leave, paid family leave, paid medical leave or paid sick leave for FMLA leave. However, nothing in this policy shall require the school district to provide paid sick or medical leave in any situation in which the school district would not normally provide such paid leave.
2. If an employee uses paid leave under circumstances which do not qualify as FMLA leave, the leave will not count against the number of workweeks of FMLA leave to which the employee is entitled.
3. Any paid leave which is substituted for FMLA leave will be subtracted from the number of workweeks of unpaid leave provided by the FMLA and this policy.

C. Group Health Plan Benefits

1. The school district will continue group health plan benefits on the same basis as coverage would have been provided if the employee had been continuously employed during the FMLA leave period.
2. Any share of health plan premiums which have been paid by the employee prior to FMLA leave must continue to be paid by the employee during the FMLA leave period.

D. Intermittent or Reduced-Schedule Leave

1. Leave may be taken under this policy intermittently or on a reduced-leave schedule under certain circumstances.
 - a. When leave is taken because of a birth or because of a placement of a child for adoption or foster care, an eligible employee may take leave intermittently or on a reduced-leave schedule only with the agreement of the school district. In such a case, the superintendent shall have the authority to approve or disapprove such intermittent or reduced leave schedule, in the superintendent's sole discretion.
 - b. When leave is taken to care for a sick family member, for an employee's own serious health condition, or to care for a covered Veteran or Military Member, an eligible employee may take leave intermittently or on a reduced-leave schedule when medically necessary.
 - c. When leave is taken by an eligible employee because of any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a Military Member on Covered Active Duty (or has been notified of an

impending call or order to Covered Active Duty) in National Guard, Reserves, and/or Regular Armed Forces in support of a contingency operation, the employee may take leave intermittently or on a reduced-leave schedule.

- d. When leave is taken by an eligible employee to care for a Covered Servicemember, including a Veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered Veteran, and who is undergoing medical treatment, recuperation, or therapy for a Serious Injury or Illness
 - e. Intermittent or reduced leave shall not result in a reduction in the employee's total amount of leave beyond the amount of leave actually taken.
 - f. When an instructional employee seeks to take intermittent leave in connection with a family or personal illness (e.g. physical therapy or periodic care for a sick relative) or to care for a covered Veteran or Military Member, and when such leave would constitute at least 20 percent of the total number of working days in the period during which the leave would extend, the school district may require the employee to elect to take leave in a block, instead of intermittently, for the entire period or to transfer to an available alternative position within the school system that is equivalent in pay, for which the employee is qualified, and which better accommodates the intermittent leave.
2. If an eligible employee requests intermittent leave or leave on a reduced-leave schedule that

is foreseeable based on planned medical treatment, including during a period of recovery from a serious health condition, the school district may require the employee to transfer temporarily to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position. Such alternative position must have equivalent pay and benefits as the employee's permanent position.

3. Leave taken on an intermittent or reduced-schedule basis will be tracked hourly.

III. Return from Leave

A. Restoration to Position

1. On return from FMLA leave, an employee is entitled to be returned to the same position the employee held when leave commenced, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.
2. Any leave taken under this policy will not result in the loss of any employment benefits accrued prior to the date on which the leave commenced.
3. An eligible employee is not entitled to accrual of any seniority or employment benefits during any period of leave, or any right, benefit, or position of employment other than to which the employee would have been entitled had the employee not taken leave.

B. Denial of Restoration

1. The school district reserves the right to deny restoration to any eligible employee who is a "key employee" (that is an employee who is

salaried and among the highest paid 10% of the employees of the school district) if such denial is necessary to prevent substantial and grievous economic injury to the operations of the school district.

2. If the school district intends to deny restoration to such an employee, it will:
 - a. notify the employee of his/her status as a "key employee" in response to the employee's notice of intent to take FMLA leave;
 - b. notify the employee as soon as the school district decides it will deny job restoration and explain the reasons for this decision;
 - c. offer the employee a reasonable opportunity to return to work from FMLA leave after giving this notice; and
 - d. make a final determination as to whether reinstatement will be denied at the end of the leave period if the employee then requests restoration.

C. Failure to Return from Leave

If an employee fails to return from FMLA leave after the period of leave to which the employee is entitled has expired, the employee shall reimburse the district for any premiums the employer paid for maintaining health insurance coverage for the employee during the employee's FMLA leave unless the reason the employee does not return is due to: (1) the continuation, recurrence, or onset of the serious health condition which entitled the employee to FMLA leave and the employee provides the district with sufficient certification from the proper health care provider of such continuation, recurrence, or onset of the serious health condition or (2) other circumstances beyond the employee's control.

IV. Notice to Employees

- A.** The school district will post in conspicuous places where employees are employed notices explaining the FMLA and providing information concerning the procedures for filing complaints of FMLA violations with the U.S. Wage and Hour Division.
- B.** When an employee provides notice of the need for FMLA leave, the school district shall provide the employee with a copy of the "section 301(c) notice" which is attached to this policy.
- C.** To the extent that any provision in this policy is in any manner inconsistent with the provisions of the Act or the regulations promulgated thereunder, the Act and regulations shall prevail over the provisions of this policy. The school district reserves the right to modify this policy from time to time in its sole discretion.
- D.** Employees may direct any questions or concerns regarding FMLA leave to the superintendent.

4012 Staff Internet and Computer Use

Internet access is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching and learning skills. The following procedures and guidelines are intended to ensure appropriate use of the Internet at the school by the district's faculty and staff. Staff should also refer to the district's policy on Staff and District Social Media Use.

I. Staff Expectations in Use of the Internet

Acceptable Use While on Duty or on School Property.

Staff shall be restricted to use the Internet to conduct research for instructional purposes.

Staff may use the Internet for school-related e-mail communication with fellow educators, students, parents, and patrons.

Staff may use the Internet in any other way which serves a legitimate educational purpose and that is consistent with district policy and good professional judgment.

Teachers should integrate the use of electronic resources into the classroom. As the quality and integrity of content on the Internet is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter on the Internet.

Unacceptable Use While on Duty or on School Property.

Staff shall not access obscene or pornographic material.

Staff shall not engage in any illegal activities on school computers, including the downloading and reproduction of copyrighted materials.

Staff shall not use school computers or district internet access to use peer-to-peer sharing systems such as BitTorrent, or participate in any activity which interferes with the staff member's ability to perform their assigned duties.

Staff shall not share their passwords with anyone, including students, volunteers or fellow employees.

II. School Affiliated Websites

Staff must obtain the permission of the administration prior to creating or publishing any school-affiliated web page which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any website which identifies the school district by name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated web pages and must only publish content appropriate for the school setting. Staff must also comply with all board policies in their school-affiliated websites and must comply with the board's policy on professional boundaries between staff and students at all times and in all contexts.

Publication of student work or personality-identifiable student information on the Internet may violate the Federal Education Records Privacy Act. Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information on the Internet.

III. Enforcement

Methods of Enforcement. The district owns the computer system and monitors e-mail and Internet communications, Internet usage, and patterns of Internet usage. Staff members have no right of privacy in any electronic communications or files, which are stored or accessed on or using school property and these are subject to search and inspection at any time.

The district uses a technology protection measure that blocks access to some sites that are not in accordance with the district's policy. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.

Due to the nature of technology, the filter may sometimes block pages that are appropriate for staff research. The system administrator may override the technology protection measures that blocks or filters Internet access for staff access to a site with legitimate educational value that is wrongly blocked.

The district will monitor staff use of the Internet by monitoring Internet use history to ensure enforcement of this policy.

Any violation of school policy and rules may result in that staff member facing:

- Discharge from employment or such other discipline as the administration and/or the board deem appropriate;
- The filing of a complaint with the Commissioner of Education alleging unprofessional conduct by a certified staff member;
- When appropriate, the involvement of law enforcement agencies in investigating and prosecuting wrongdoing.

IV. Off-Duty Personal Use

School employees may use the internet, school computers, and other school technology while not on duty for personal use as long as such use is (1) consistent with other district policies, (2) consistent with the provisions of ARSD 24:08, and (3) is reported as compensation in accordance with the Internal Revenue Code of 1986, as amended, and taxes, if any, are paid. All of the provisions of ARSD 24:08 will apply to non-certificated staff for the purposes of this policy. In addition, employees may not use the school's internet, computers, or other technology to access obscene or pornographic material, sext, or engage in any illegal activities.

Professional Boundaries Between Employees and Students

School district employees are responsible for conducting themselves professionally and for teaching and modeling high standards of behavior and civic values, both at and away from school. Employees are required to establish and maintain professional boundaries with students. They may be friendly with students, but they are the students' teachers, not their friends, and they must take care to see that this line does not become blurred. This applies to employees' conduct and interactions with students and to material they post on personal web sites and other social networking sites including, but not limited to, Instagram, Facebook, and Twitter. The posting or publication of messages or pictures or other images that diminish an employee's professionalism or ability to maintain the respect of students and parents may impair his or her ability to be an effective employee. Employees are expected to behave at all times in a manner supportive of the best interests of students.

Unless an employee has a legitimate educational purpose, the following behavior is a violation of the professional boundaries that employees are expected to maintain with students. The following list is intended to illustrate inappropriate behavior involving students but not to describe every kind of prohibited behavior.

- Communicating about sex when the discussion is not required by a specific aspect of the curriculum.
- Joking about matters involving sex, using double entendre or making suggestive remarks of a sexual nature.
- Displaying sexually inappropriate material or objects.
- Making any sexual advance, whether written, verbal, or physical or engaging in any activity of a sexual or romantic nature.
- Kissing of any kind.
- Dating a student or a former student within one year of the student graduating or otherwise leaving the district.
- Intruding on a student's personal space (e.g. by touching unnecessarily, moving too close, staring at a portion of the student's body, or engaging in other behavior that makes the student uncomfortable).
- Initiating unwanted physical contact with a student.
- Communicating electronically (e.g. by e-mail, text messaging, or through social media) on a matter that does not pertain to school. Electronic communications with students generally are to be sent simultaneously to multiple recipients and not just to one student except when the communication is clearly school related and

inappropriate for persons other than the individual student to receive (i.e. grades).

- Playing favorites or permitting a specific student to engage in conduct that is not tolerated from other students.
- Discussing the employee's personal issues or problems that should normally be discussed with adults.
- Giving a student a gift of a personal nature.
- Giving a student a ride in the employee's vehicle without first obtaining the express permission of the student's parents or a school administrator.
- Taking a student on an outing without first obtaining the express permission of the student's parents or a school administrator.
- Inviting a student to the employee's residence without first obtaining the express permission of the student's parents and a school administrator.
- Going to a student's home when the student's parent or a proper chaperone is not present.
- Repeatedly seeking to be alone with a student.
- Being alone in a room with an individual student at school with the door closed.
- Any after-school hours activity with only one student.
- Any other behavior which exploits the special position of trust and authority between an employee and student.

This list is not exhaustive. Any behavior which exploits a student is unacceptable. If in doubt, ask yourself, "Would I be doing this if my family or colleagues were standing next to me?"

An employee is required to make a report to the superintendent if the employee reasonably believes that another employee has violated or may have violated this policy. Minor concerns or violations shall be reported within 24 hours. Major concerns or violations shall be reported immediately. Violations committed by or concerns about the superintendent shall be reported to the Board President.

A student who feels his or her boundaries have been violated should directly inform the offender that the conduct or communication is offensive and must stop. If the student does not wish to communicate directly with the offender or if direct communication has been ineffective, the student should report the conduct or communication to a teacher, administrator, counselor, the Title IX coordinator, or other school employee with whom she or he feels comfortable.

Retaliation for good faith reports or complaints made as a result of this policy is prohibited. Individuals who knowingly and intentionally make a false report shall be subject to discipline as provided by district policy and state law.

A violation of this policy will form the basis for employee discipline up to and including termination or cancellation of employment, filing a report with law enforcement officials, and filing a report with the Department of Education.

Staff and District Social Media Use

Social media is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. The district also uses social media accounts to provide information to district stakeholders. This policy is intended to ensure (1) appropriate use of social media by staff and (2) appropriate control of social media accounts belonging to or affiliated with the district. Staff should also refer to the district's policy on Staff Computer and Internet Usage.

I. Personal Versus School-Affiliated Social Media Use

A. Personal Social Media Use

1. The school district will not require staff members or applicants for employment to provide the district with their username and password to personal social media accounts.
2. The district will not require staff to add anyone to the list of contacts associated with the staff member's personal social media accounts or require a staff member to change the settings on his or her personal social media accounts so that others can or cannot view their accounts.
3. Staff members whose personal social media use interferes with the orderly operation of the school or who use social media in ways that are not protected by the First Amendment may be subject to discipline by the district.
4. Staff members who wish to begin using or to continue using the school district name, programs, mascot, image or likeness as part of any social media profile must notify their supervising administrator of the use, and must secure the administrator's permission to do so.

B. School-Affiliated Social Media Use

1. Any social media account which purports to be “the official” account of the school district (e.g., “**TEAM MASCOT** Wrestling”), or any of its programs, classes or entities will be considered to be an account that is used exclusively for the school district’s business purpose. Staff members may not use “official” accounts for personal use.
2. Staff may be required to provide their supervising administrator with the username and password to school-affiliated social media accounts.
3. Staff may be required to interact with specified individuals on school-affiliated social media accounts.
4. When staff use school-affiliated social media accounts to comment on school-related matters, they do not do so as private citizens and are therefore not entitled to First Amendment protections.

II. Staff Expectations in Use of Social Media – Applicable to Both Personal and School-Affiliated Use

A. General Use and Conditions

Staff must comply with all board policies, contract provisions, and applicable rules of professional conduct in their social media usage. They must comply with the board’s policy on professional boundaries between staff and students at all times and in both physical and digital environments.

Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information in order to make sure that the publication does not violate the Federal Education Records Privacy Act or any other laws. Staff must also comply with all applicable state and federal record retention requirements, even with regard to personal social media usage.

Staff must comply with all applicable laws prohibiting the use or disclosure of impermissible content, such as copyright laws, accountability and disclosure laws, and any other law governing the use of resources of a political subdivision. Questions about

appropriate content should be referred to the staff member's supervising administrator.

B. Acceptable Use

1. Staff may use social media for instructional purposes.
2. Staff may use social media for school-related communication with fellow educators, students, parents, and patrons.
3. Teachers should integrate the use of electronic resources, which may include social media, into the classroom. As the quality and integrity of content on social media is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter.

C. Unacceptable Use

1. Staff shall not access obscene or pornographic material while at school, on school-owned device or on school-affiliated social media accounts.
2. Staff shall not engage in any illegal activities, including the downloading and reproduction of copyrighted materials.
3. Staff shall not access social media networking sites such as Facebook, Twitter, and Instagram on school-owned devices or during school time unless such access is for an educational activity which has been preapproved by the staff member's immediate supervisor. This prohibition extends to using chat rooms, message boards, or instant messaging in social media applications and includes posting on social networking sites using personal electronic devices.

III. School-Affiliated Digital Content

A. General Use and Conditions for School-Affiliated Accounts

Staff must obtain the permission of their supervising administration prior to creating, publishing, or using any school-affiliated web pages, microblogs, social media pages or handles, or any other digital content which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any content which identifies the school district by name in the account name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated accounts and must only publish content appropriate for the school setting. Staff may not provide the username and password to school-affiliated accounts to any unauthorized individual, including students and volunteers.

B. Moderation of Third Party Content

The purpose of school-related social media accounts is to disseminate information. No school-related or school-affiliated social media account covered by this policy shall permit comments by the public unless otherwise approved by the superintendent.

In the event the superintendent permits content created by anyone other than the administrator of the account to appear on the account's pages, such as comments made by students, parents, and patrons, the account administrator must monitor the content to ensure it complies with this policy. Posts, comments, or any other content made on the account's pages may be removed when the content meets any of the following conditions:

1. Is obscene, lewd, or appeals to prurient interests;
2. Contains information relating to a student matter or personnel matter which is protected under or prohibited by state or federal law;
3. Contains threatening, harassing, or discriminatory words or phrases;
4. Incites or is reasonably anticipated to incite violence, illegal activity, or a material and substantial disruption to school operations or activities; or

5. Contains any other threat to the safety of students and staff.

Job References to Prospective Employers

All requests for employment-related references or employment history by prospective employers of current or former employees must be referred to a member of the administrative team. The administrator will either provide a reference in compliance with this policy or will forward the request to the superintendent.

If the school district is subject to a written separation agreement regarding a particular employee, the terms of that agreement will govern the district's response to requests for information, regardless of any written consent provided to the school district.

If the school district is not bound by a separation agreement and receives a legally enforceable written consent to release information, the district may provide the information authorized by that document. The school district may provide additional truthful information to prospective employers of current and former employees in accordance with this policy.

Employees Suspected of Sexual Misconduct Against a Minor or Student

Apart from the routine transmission of administrative and personnel files or unless otherwise permitted by law, the district and any employee, contractor, or agent of the school district is prohibited from providing any employee any assistance in obtaining a new job if the school district or the individual acting for the school district has probable cause to believe said employee has engaged in sexual misconduct with a student or minor in violation of the law.

Veteran Preference in Employment

The District will grant preference in employment to veterans in accordance with SDCL 3-3-1. A veteran applicant is any applicant who:

- Has served the full obligation for active duty, reserve, or National Guard service in the military, or received an early discharge for a medical condition, hardship, reduction in force, or at the convenience of the military; and
- Has been separated or discharged from such service honorably or under honorable conditions.

A veteran applicant who has a service-connected disability will receive preference over nondisabled veteran applicants. If a veteran applicant possesses at least the minimum qualifications necessary to fill the position, the District will interview the veteran applicant for the position, but the District does not guarantee a position due to veteran status.

The District will provide any veteran employee all due process entitled to them under law upon termination of their employment, and will not remove a veteran from their position unless the employee can be replaced with another veteran. Veteran employees may be terminated for incompetency or misconduct after a hearing and upon due notice.

This policy does not apply to any District employee with policy-forming authority. Spouses of disabled or deceased veterans may also qualify for preference under this policy.

Reporting Child Abuse or Neglect

Because of their daily contact with school-age children, educators and other school employees are in a unique position to identify abused and/or neglected children. South Dakota law defines “abused and neglected child” as a child:

- Whose parent, guardian or custodian has abandoned the child or has subjected the child to mistreatment or abuse;
- Who lacks proper parental care through the actions or omissions of the parent, guardian or custodian;
- Whose environment is injurious to his welfare;
- Whose parent, guardian or custodian fails or refuses to provide proper or necessary subsistence, supervision, education, medical care or any other care necessary for his health, guidance, or well-being; or
- Who is homeless, without proper care, or not domiciled with his parent, guardian or custodian through no fault of his parent, guardian or custodian;
- Who is threatened with substantial harm;
- Who has sustained emotional harm or mental injury as indicated by an injury to his intellectual or psychological capacity evidenced by an observable and substantial impairment in his ability to function within his normal range of performance and behavior, with due regard to his culture;
- Who is subject to sexual abuse, sexual molestation or sexual exploitation by his parent, guardian, custodian or any other person responsible for his care;
- Who was subject to prenatal exposure to abusive use of alcohol, marijuana or any controlled drug or substance not lawfully prescribed by a practitioner as authorized by chapters 22-42 and 3420B;
- Whose parent, guardian or custodian knowingly exposes the child to an environment that is being used for the manufacture, use or distribution of methamphetamine or any other unlawfully manufactured controlled drug or substance.

Reporting Procedure. School employees who have reasonable cause to believe that a child has been abused and neglected child will report the suspected abuse or neglect according to the following procedure.

1. Any school employee who has reasonable cause to believe that a child has been abused or neglected shall report the

suspicion to the building principal or superintendent immediately. Any doubt or question in reporting such cases shall be resolved in the favor of reporting the suspected abuse or neglect.

2. The building principal or superintendent shall consider the report from the school employee and may further consult with the employee or other administrators. If there is a reasonable cause to suspect that the child has been abused or neglected as defined by state law, the building principal or superintendent shall immediately report such to the State's Attorney of the county in which the child resides or is present, to the Department of Social Services, or to law enforcement officers.
3. The administrator facilitating the report of suspected abuse or neglect shall request a response report.

Contents of the Report. The report to authorities shall contain the following information to the extent it is available: (1) name and position of reporting person; (2) name, address, and the date and place of birth of the abused or neglected person; (3) the name and address of the person or persons having custody of the abused or neglected person; (4) the name and address of the person or persons suspected of being responsible for the abuse or neglect; (4) the nature and extent of the abuse or neglect, or the conditions and circumstances which would reasonably result in such abuse or neglect; and (5) any other information that may be useful in establishing the identity of the persons involved and cause of the abuse or neglect.

Legal Immunity. South Dakota statutes give legal immunity from any civil or criminal liability to any person who makes a good faith report of child abuse or neglect or participates in a judicial proceeding resulting from such a report.

Resignation of Certified Staff

Certified staff members who know they will not be returning to employment at the school district for the following school year are encouraged to submit their resignations as early as possible, to enable the board to find suitable replacements. Any provision in this policy in conflict with terms collectively bargained will give way in favor of the conflicting term of the negotiated agreement.

As a general matter, the board will not release certified staff members from their contractual obligations. Staff members who refuse to fulfill their contractual obligations may be reported to the South Dakota Professional Teachers Practices and Standards Commission.

Confidentiality in Counseling

The school district provides students with a certified school counselor. Information that students provide to counselors is considered confidential unless disclosure is permitted by state or federal law.

Records of the counseling relationship, including interview notes, test data, correspondence, tape recordings and other documents, are to be considered professional information for use in counseling, not part of the student's education record.

When a counselor is in doubt about what information to release, he or she should discuss the matter with the building principal or with the superintendent.

School Vehicle Use. School district vehicles may not be used for personal purposes unless the vehicle, or the use of it, is provided to an employee as a condition of an employment contract or it is leased to school personnel as allowed by law. School personnel must operate school vehicles in accordance with all applicable federal, state, and local laws.

Driver Qualifications. School personnel who wish to use a vehicle owned or leased by the school district and who are not transporting students must:

- Possess and provide a copy of a valid Motor Vehicle operator's license.
- Be able to read and comprehend driving regulations and written test questions.

School personnel must notify the superintendent or his or her designee about any change in their driving status or eligibility.

School personnel who have been convicted of any of the following or who meet any of the following conditions will not be allowed to drive a school district vehicle:

- If the citation or conviction occurred at any time—Motor vehicle homicide or driving under the influence – 3rd or subsequent offense;
- If the citation or conviction occurred within the last 2 years - Driving under the influence of drugs or alcohol, failure to render aid in accident you are involved in, speeding 15 miles per hour or more above the posted speed limit, reckless driving (willful or otherwise), careless driving, leaving the scene of an accident, failure to yield to a pedestrian with bodily injury to the pedestrian, or negligent driving; or
- Have accumulated 10 points or more under an operator's license point system within the last 1 years.

The superintendent or his or her designee has the discretion to prohibit school personnel from driving a school vehicle for a citation or arrest for the above offenses or any other offense or reason. The superintendent or his or her designee will make the final determination about the use of school district vehicles.

Electronic Communication While Driving. Unless the superintendent or a principal grants an exception to allow verbal communication on an as needed basis for specific district-related work based upon an employee's duties and responsibilities, school personnel shall not use any electronic communication device to read a written communication, manually type a written communication, send a written communication, verbally communicate with

others, or otherwise communicate with others while operating a school vehicle. This prohibition includes but is not limited to answering or making telephone calls, engaging in telephone conversations, and reading or responding to e-mails, instant messages, text messages or other visual media.

The superintendent must report his or her accidents, infractions, violations, or citations to the board president.

Workplace or Non-Workplace Injuries or Illness and Return to Work

Reporting Workplace Injuries. Staff members who are injured while performing duties or who witness workplace injuries must report them to the superintendent or superintendent's designee as soon as possible after being injured or witnessing an injury. Staff members must prepare written statements regarding the injuries they sustained or witnessed when they are asked to do so by the school district. Failure to report a workplace injury as a witness will constitute insubordination and neglect of duty and may result in adverse employment action up to and including termination or cancellation of employment. Failure to report workplace injuries may also result in delayed or forfeited benefits to which an employee may otherwise be entitled.

Returning to Work after Workplace Injuries or Non-Workplace Injuries or Illness. Staff members whose injuries or illness prevent them from completing any or all of their duties, whether or not incurred at work, may be permitted to continue working or may be offered modified duty positions as required by law or as determined appropriate by the superintendent. This policy does not guarantee a limited or modified assignment during the recovery period unless it is otherwise required by law. The employee may be required to provide a return to work certification or report from their treating physician which delineates any restrictions, modifications, or accommodations needed to allow the employee to perform the essential functions of their position.

Termination After Workplace Injuries or Illness. Unless otherwise covered in an individual employment contract, employees may be terminated after suffering a workplace injury or illness when the district has a legitimate, nondiscriminatory reason for doing so. Such reasons include but are not limited to:

- Necessity to fill the position to maintain continuous services as required by law or district policy or standards;
- Performance deficiencies of the employee unrelated to the injury or illness;
- Unavailability of substitute or replacement employees;
- When the absence will negatively impact students' educational experience or opportunities; or
- Any other reason not otherwise prohibited by law.

The district may make such employment determinations regardless of whether the employee has returned to work and regardless of whether a medical professional has certified that the employee has reached maximum medical

improvement. In the event the injury or illness lasts beyond the amount of leave time provided by the district and by the Family Medical Leave Act, which is generally no greater than 12 weeks, the employee may be terminated even if the employee remains eligible for Workers' Compensation under state law or short or long-term disability under a policy available through the district. In no event will an employee be terminated as retaliation for filing a Workers' Compensation claim.

Termination After Non-Workplace Injuries. Unless otherwise covered in an individual employment contract or prohibited by law, employees who are unable to perform any of the essential functions of their positions with reasonable accommodation(s) due to injury or illness occurring outside of the workplace may be terminated. The employee's position or a similar position will be held open only as required by law, such as the Family Medical Leave Act.
