What is the Talent Search Program?

Talent Search is one of the Federal TRIO Programs dedicated to assisting high school students in furthering their education.

Our counselors work with over 2,000 Pennsylvania middle and high school students a year to provide services, information, and guidance for your education after high school.

Who is eligible to receive services?

Talent Search is primarily available to students who are from low-income households, and whose parents did not go to college, but anyone can apply.

To complete an application, you will need the following information:

- Your family's current financial information (No requirement to provide documentation.)
- Are you a U.S. citizen, permanent resident, or in the process of applying for citizenship?
- Do you want to attend college or get a certification after high school?

For more information or to sign up, see Ms. Graham-Jones in the main office!
