

Annual Notice of Asbestos Management Plan Availability  
2024/2025 Academic Year

October 18, 2024

To Staff, Parents/Guardians, and Students:

This notice serves to fulfill the annual notification requirement in accordance with Section 763.93 of the *Asbestos Hazard Emergency Response Act* (AHERA). AHERA requires that all school buildings be inspected by accredited inspectors for the presence of asbestos-containing building materials (ACBM). Columbia School District has commissioned a qualified consultant to conduct this work. Once inspections are complete, management plans are developed, and the documents sent to and approved by the State of Michigan. As required under AHERA, once approved, a copy of each building's Asbestos Management Plan (AMP) will be available in the Main Office of each school building. The AMP is available for review Monday through Friday during normal school hours.

Periodic surveillance of ACBM in district school buildings will be performed every six months by a designated person to assess the condition of the ACBM. Six-month periodic surveillance reports will be maintained and will also be available for review in the AMP.

For additional information, please contact Jim Baker, at 517-592-6641 or [james.baker@myeagles.org](mailto:james.baker@myeagles.org).
