Newsletter: Sept. 17 - Sept. 23

## September Student Tardy Challenge

For the month of September, MCHS is holding a tardy challenge. If a student has zero tardies for the month of September, MCHS is planning a reward for those students. We will bring in food trucks for students on a day in October to reward students for accepting the zero tardy challenge and succeeding. Please be on the lookout for information in regards to this challenge. The challenge begins on September 4th and ends on September 30. Students must have zero tardies during this time to be eligible for the incentive.
