

**Proposition 2**  
**Secure our Future**  
**Bond Election April 8, 2025**

**Improvements to  
Smithton Elementary School**

Relocating the playground and providing a driveway and parking space for patrons of the elementary school that allows the public to safely access the building throughout the day without the interference of the playground

The relocation of the current playground to provide safer access to equipment and play surfaces by students throughout the school day while bringing the playground space closer to the building and separating it from the public improving student safety and building security

Replacing the play structure that has reached the end of its life, while relocating it to a more appropriate and safe location on the elementary campus

Creating a more safe pick up and drop off zone for parents and students at the elementary school by eliminating the use of a city street . Creating a designated, covered entryway at the elementary school where students and families can safely wait while entering and leaving the school building

# Proposition 2

## Smithton Elementary School
