Strategic Plan Working Group – Stakeholder Volunteer Request

Join us in creating the future for our Willingboro Township Public Schools!

The Willingboro Township Board of Education will develop our school district's next **Five-Year Strategic Plan**. We are partnering with the New Jersey School Boards Association (NJSBA) to conduct a robust, collaborative, stakeholder-engaged strategic planning process facilitated by NJSBA while ensuring health and safety considerations are fully maintained.

A critical aspect of the strategic planning process is the involvement of a cross-section of district stakeholders to share their inputs and help develop the Goals and objectives, which will be the foundation of the five-year Strategic Plan. To ensure that district stakeholders play a significant role in our strategic planning process, the Board is establishing a **Strategic Plan Working Group**, which will work with our New Jersey School Boards Association facilitators. The Working Group will focus on the district's strengths, the challenges we face, our ideas and hopes for our students, and ways to tackle the challenges while enhancing our students' future readiness.

On behalf of the Board of Education, the Superintendent requests **50-60 volunteers** (district teachers, administrators, support staff, parents, community members, and students) to become members of the district's Strategic Plan Working Group.

The Strategic Plan Working Group will meet four times on the following dates:

Monday, October 16 at 6:00 PM (Meeting length: 1.5 hours)

Tuesday, November 14 at 6:00 PM (Meeting length: 1.5 hours)

Monday, January 22 at 6:00 PM (Meeting length: 1.5 hours)

Wednesday, February 7 at 6:00 PM (Meeting length: 1 hour)

If you would like to volunteer to participate in this exciting process and can commit the time to participate in all four meetings, please contact Malcolm X. Outlaw, Ed.D., at strategicplanvolunteers@wboe.net by September 29, 2023.

The Office of the Superintendent will contact everyone selected for the committee.

Yours in education,

Willingboro Strategic Planning Committee
