

Title I Kindergarten Monitor Literacy Services Notification

Re:

Dear

Based on current test scores and Benchmark Text Levels, it appears that your child is now able to work at grade level with regular classroom instruction. This means that although your child will remain enrolled in the Title I Program, he/she will stay in his/her regular classroom. I will work closely with your child's teacher to monitor his/her need for services. If it is determined that these services are no longer necessary, I will contact you.

As always, you are welcome to contact me if you have any questions. Email (_____) is fine or you may call me at _____.

Sincerely,

Title I Teacher
