September 11th, 2023

Dear Parents/Guardians,

Dufur School received a 21st Century Community Learning Center Grant in which we are able to offer an after school program Monday-thursday from 3:20-5:30 p.m. for 3rd grade through 12th grade students. This program involves a snack, academic help/homework time, and a variety of activities such as STEM learning, cooking, arts/crafts, and gym/outside time in a supervised setting. There is also an activity bus available.

If your child is not able to attend all four days a week, it is still possible for them to participate in the program. The grant requires them to attend at least two days per week. We just ask that those two days each week be consistent so that we are prepared with the correct number of supplies for activities. If your mid-level or high school student(s) participate in sports or other after school activities, they are required to attend the 21st Century After School Program during any unscheduled time unless alternative supervised arrangements are made by parents/guardians.

If you are interested in your child participating in this program or they participate in other school-sponsored activities after school, please reach out to Tess Welk on or before October 2nd to request a registration form. The form must be returned to the school office by October 2nd for participation during week one, or by October 15th for participation after week one. If you have any questions, please feel free to contact Kristin Whitley by phone or email, listed below.

Sincerely,

Kristin Whitley/Tess Welk
