

Goodman-Armstrong Creek School District

Early Childhood Screening Events

Wednesday December 20, 2023

or

Friday April 5, 2024

9-11 AM

Goodman-Armstrong Creek Elementary School

What is it?

Early Childhood Screening is an opportunity for you to learn more about your child's development while our early childhood educators work with you and your child. Any child in our district who will turn 3 by September 1st is eligible to be screened. Registration will be available for children who will be age 4 or 5 by September 1st 2024 and eligible for the 4K or 5K programs at Goodman-Armstrong Creek Elementary School.

What will I learn?

Discover if your child's development is on-track; learn how to encourage your child's learning through everyday experiences and play; gather helpful parenting tips.

How will my child participate?

Children will play! Early childhood professionals will assess your child in a play-based setting. You will be given a questionnaire to fill out prior to attendance to assist staff in their assessment.

Please choose one of the above dates to join us!

To register, please call the school main office at (715) 336-2575
