PROJECT SAVE
(Safe Schools Against Violence in Education)

Introduction

Emergencies and violent incidents in school districts are critical issues that must be addressed in an expeditious and effective manner. Districts are required to develop a District-Wide School Safety Plan designed to prevent or minimize the effects of serious violent incidents and emergencies and to facilitate the coordination of the district with local and county resources in the event of such incidents or emergencies.

The District-Wide plan is responsive to the needs of all schools within the district and is consistent with the more detailed Building-Level Emergency Response Plans required at the school building level. Districts stand at risk from a wide variety of acts of violence, natural, and manmade disasters. To address these threats, the State of New York has enacted the Safe Schools Against Violence in Education (SAVE) act. Project SAVE is a comprehensive planning effort that addresses prevention, response, and recovery with respect to a variety of emergencies in each school district.

The Cooperstown Central School District (District) supports the SAVE Legislation and intends to facilitate the planning process. The Superintendent of Schools encourages and advocates ongoing District-Wide cooperation and support of Project SAVE.

The District is a centralized K-12 district consisting of two instructional buildings:

1. Elementary School - 21 Walnut Street, Cooperstown, NY 13326
2. Junior/Senior High School - 39 Linden Avenue, Cooperstown, NY 13326

These two parcels are geographically connected on the southern edge of the Cooperstown Village with a combined total of approximately 55.5 acres.

SECTION I: GENERAL CONSIDERATIONS AND PLANNING GUIDELINES

A. Purpose

The Cooperstown Central School District-Wide School Safety Plan was developed pursuant to Commissioner's Regulation 155.17. At the direction of the Cooperstown District Board of Education, the District-Wide School Safety Team has been appointed and charged with the development and maintenance of the District-Wide School Safety Plan.

**Cooperstown Central School
District-Wide School Safety Plan**

Amendments to Education Law § 2801-a require District-Wide School Safety Plans to designate a chief emergency officer who is responsible for coordinating communication between staff, law enforcement and first responders. The chief emergency officer shall also ensure staff understanding of their respective building-level emergency response plan, and for ensuring completion and yearly updates of the Building-Level Emergency Response Plans (BLERPs).

B. Identification of School Teams

The District-Wide School Safety Team includes the following persons:

TEAM MEMBER	TITLE
Sarah Spross	Chief Emergency Officer & Superintendent of Schools
Amy Kukenberger	Assistant Superintendent for Business and Operations
Owen Kelso	Principal, Junior/Senior High School
Amy Malcuria	Principal, Elementary School
TBT	Assistant Principal
Matt Murphy	Director of Facilities
Ramona Luetttger	Director of Special Education
Josh Wagner	Director of Physical Education, Athletics and Extracurricular Activities
Melissa Rathbun	Food Service Manager
Susan Clark	Teacher, Elementary School
Sara Mileski	School Counselor, Elementary School
John Congdon	Junior/Senior High School Teacher Aide
Mary Clare Roberts	School Social Worker
Tom Malloy	School Nurse, Junior/Senior High School
Kim Stahl	School Nurse, Elementary School
Matt Pernat	Director of Transportation
TBD	School Psychologist

Community Members:

**Cooperstown Central School
District-Wide School Safety Plan**

Josh Reiss Safety & Risk Management
Coordinator, ONC BOCES

C. Concept of Operations

The Plan shall be a general guideline of school safety concerns and shall be directly linked to the individual Building-Level Emergency Response Plans. All specific information for the plan will be found in the BLERPs.

In the event of an emergency or violent incident, the initial response will be made by the appropriate Building-Level Emergency Response Team (BLERT).

Upon the activation of the BLERT, the Superintendent of Schools or their designee will be notified and, where appropriate, local emergency officials will also be notified. The exact procedures to be followed, including flowcharts for effective communication are included in the Crisis Plan.

Emergency response actions including Crisis Response may be supplemented by County and State resources through existing protocols.

D. Plan Review and Public Comment

The Plan shall be maintained and reviewed annually by the District-Wide School Safety Team.

Pursuant to Commissioner's Regulation 155.17 (e) (3), the Plan must be formally adopted by the Board of Education by September 1 of each year. Prior to adoption, the district will hold at least one public hearing that provides for school personnel, students, and public participation, and will be made available for public comment for a period of at least 30 days.

While linked to the District-Wide School Safety Plan, Building-level Emergency Response Plans shall be confidential and not be subject to disclosure under Article 6 of the Public Officers Law or any other provision of law, in accordance with Education Law Section 2801-a.

Within 30 days from adoption, the plan will be posted on the Cooperstown district website. The URL must be submitted to the Education Department via the annual Basic Educational Data System (BEDS) collection each October to comply with the requirement that the plan be submitted to the Commissioner within 30 days from adoption.

SECTION II: GENERAL EMERGENCY RESPONSE PLANNING

Cooperstown Central School District-Wide School Safety Plan

A. Identification of sites of potential emergency

The District has established procedures for the identification of potential sites and the internal and/or external hazards that may be present. These procedures are developed in coordination with the local Emergency Management Office, Fire Department, and law enforcement agencies.

B. Actions in response to an emergency

The District has identified the following general response actions to emergency situations. These actions include school cancellation, early dismissal, evacuation, and **Type equation here**.sheltering. The Building level Emergency Response Plans include identification of specific procedures for each action depending upon the emergency.

Emergencies include, but are not limited to:

- **Natural Hazards:** Earthquakes, Tornadoes, Lightning, Severe Wind, Hurricanes, Floods, Wildfires, Extreme Temperatures, Winter precipitation, Wildlife
- **Technological Hazards:** Explosions, Release of hazardous materials within the school, Release of hazardous materials from outside the building, Dam Failure, Power Failure, Water Failure
- **Biological Hazards:** Infectious diseases, Contaminated food outbreaks, Toxic materials present in school
- **Adversarial, Incidental and Human-caused Threats:** Fire, Active shooters, criminal threats or actions, Gang violence, Bomb threats, Domestic Violence and abuse, Cyber-attacks, Suicide.

C. District resources and personnel available for use during an emergency

The District has committed the full inventory of its resources to be available for use during an emergency. These resources will be utilized in line with the Building-Level Emergency Response Plans as deemed appropriate by the School Safety Team.

Specific personnel and resources such as AEDs, radios and food and water are identified in the Building-Level Emergency Response Plans.

D. Procedures to coordinate the use of school district resources during emergencies

The District uses the Incident Command System model for emergency actions. The Incident Commander may typically be the Superintendent or the appropriate building Principal. The Incident Commander is authorized to activate such resources and personnel as are appropriate to the incident. The Incident

Cooperstown Central School District-Wide School Safety Plan

Commander is empowered to render such decisions as may be necessary in keeping with the response actions as identified in the Building-Level Emergency Response Plans. All Incident Command staff are identified in the Building-Level Emergency Response Plans.

E. Annual multi-hazard school training for staff and students

The District will conduct annual training for both staff and students in school safety issues. Training will

be coordinated by the School Safety Team and/or Building-Level Emergency Response Teams, and may consist of classroom activities, general assemblies, tabletop exercises, full scale drills of other appropriate actions to increase the awareness and preparedness of staff and students.

Drills and other exercises will be coordinated with local, county and state emergency responders and preparedness officials. Existing Plans will be revised in response to post-incident critiques of these drills.

F. TRAINING PROCEDURES AND FRAMEWORKS

I. Training

A. Violence Prevention

1. The Cooperstown Central School District staff will receive training in the area of violence prevention and intervention annually. Training will occur during Superintendent's Conference Days and/or faculty meetings.
 - a. Training topics will be decided upon by the School Safety/ Building-Level Emergency Response Teams.
 - b. Training will be provided by any of the following: Local ONC BOCES, State Police, local law enforcement agencies, local or county emergency management teams.
2. Emergency Drills: The Cooperstown Central School District staff will receive training in the area of all emergency drills annually.

II. Emergency Drills

- A.** The district will run multiple training drills throughout the school year. All drills will be organized/coordinated by the School Safety/ Building-Level Emergency Response Teams.

**Cooperstown Central School
District-Wide School Safety Plan**

- a. Eight evacuation drills and four lockdown drills each year. Eight of the required drills must be completed by December 31 each school year.
 - b. Four of the required drills must be through use of identified secondary means of egress.
 - c. Drills will be conducted at different times of the school day.
 - d. Pupils shall be instructed in the procedure to be followed if a fire occurs during the lunch period or assembly;
 - e. At least one early dismissal drill each school year that is no less than 15 minutes before the normal dismissal time, including
 - i. Notifying parents and guardians at least one week prior to the drill;
 - ii. Testing the usefulness of the communications and transportation system during emergencies.
- B.** The School Safety/ Building-Level Emergency Response Teams will meet annually to review the procedures for all drills. The teams will meet to review individual situations as necessary.
- C.** A copy of this plan will be shared with Local Emergency Responders who will be asked to meet with the district on an as needed basis to review the plan, conduct tabletop exercises and make revisions as necessary.

Cooperstown Central School District-Wide School Safety Plan

Local Emergency Responders:

- Fire Departments
 - Cooperstown - primary
 - Fly Creek
 - Hartwick
- Emergency Squad
 - Cooperstown - primary
 - Fly Creek
- Police
 - Cooperstown Village— primary for Elementary School
 - New York State Police
- Otsego County Sheriff's Department – Primary for Junior/Senior High School
- ONC BOCES, Safety Risk Management Office

SECTION III: COMMUNICATION WITH OTHERS

A. Obtaining assistance during emergencies from emergency services organizations and local government agencies

During emergencies, including state declared emergencies, local government agencies, including emergency services, can be accessed via the local emergency management office or through the local emergency communication center. The Incident Commander will authorize the procurement of these agencies.

B. Informing all education agencies to whom our district sends students for educational programs

The District will notify any appropriate educational agencies within its boundaries, as well as adjacent to its boundaries, in the case of a disaster that would affect any of these agencies. The Incident Commander will determine the extent of notification and delegate its delivery.

**Cooperstown Central School
District-Wide School Safety Plan**

The bus garage will be notified by phone or radio. All teachers by intercom, phone, or e-mail. Media by direct communication from the Superintendent or their designee only.

C. Communication between students and staff plays a vital role in the deterrence of potentially violent incidents.

Students are encouraged to report bullying, harassment, or the threat of violence to a teacher, administrator, or other staff member. They may use the District's "Bullying Reporting Form," which is anonymous and can be located on the District's web site. Students are also encouraged to seek out a guidance counselor. The District offers peer mentoring.

D. Outside agencies to be contacted during emergencies

All agencies available for support during emergencies are listed in the Building-Level Emergency Response Plans. It will be the responsibility of the Incident Commander to notify outside agencies.

E. Statistical Information: concerning the District

The Building-Level Emergency Response Plans will include the following information:

- *School Population (Students)
- *Number of staff
- *Transportation needs
- *Business and home telephone numbers of key school officials.

The Building-Level Emergency Response Plans are confidential and will not be made available to parents, students, or the public.

F. Procedure for Obtaining Advice and Assistance from Local Government Agencies

The school administration will be responsible for contacting local agencies and providing them with copies of the District and Building-Level plans for their review and comment. We will work with local emergency agencies to schedule meetings as needed for the purpose of reviewing the entire SAVE plan and for conducting tabletop exercises.

SECTION IV: RESPONDING TO THREATS AND ACTS OF VIOLENCE

A. Policies and procedures for responding to implied, or direct threats of violence or acts of violence by students, teachers, other school personnel and visitors to the school:

**Cooperstown Central School
District-Wide School Safety Plan**

The District has enacted policies and procedures dealing with violence. These policies and procedures deal with the safety of the school community as well as the range of discipline of those making the threat or committing the act of violence.

The District has developed the following safety and security procedures to protect students, staff, and visitors from indirect & direct threats of violence.

1. Reporting of threats of violence to school authorities:
 - a. Students are encouraged to inform school staff about any indirect or direct threat of violence to themselves, others, or property.
 - b. Staff are required to inform administration of any direct or indirect threat of violence to students, themselves, others, or property.
 - c. Parents and visitors are encouraged to tell school staff about any indirect or direct threats of violence towards students, themselves, others, or property.
 - d. Students, staff, parents, and others will be educated about the importance of reporting threats and the procedures of reporting.
2. Investigation of threats of violence
 - a. The building administrator will investigate reported threats of violence and will make the determination of disciplinary measures consistent with the Code of Conduct.
 - b. Serious acts will require the involvement of police personnel (violent offenses in accordance with SAVE requirements).
 - c. Chronic offenders may require a behavior intervention plan, close monitoring, and police involvement.
 - d. Threats placing students, staff and others in imminent danger require an immediate call to the police.

The District has developed the following safety and security procedures to protect students, staff, and visitors from acts of violence.

1. Reporting acts of violence to school authorities.
 - a. Students are encouraged to inform school staff about acts of violence toward themselves, others, and property.
 - b. Staff are required to inform administration of any act of violence to students, themselves, others, or property.
 - c. Parents and visitors are encouraged to tell staff about any acts of violence toward students, themselves, others, or property.

**Cooperstown Central School
District-Wide School Safety Plan**

- d. Students, staff, parents, and others will be educated about the importance of reporting acts of violence and the procedures of reporting these acts.

2. Investigation acts of violence

- a. The building administrator will investigate reported acts of violence and will make the determination of disciplinary measures consistent with the Code of Conduct.
- b. Serious acts will require the involvement of police personnel.(Violent offenses according to the SAVE requirements)
- c. Chronic offenders may require a behavior intervention plan, close monitoring, and police involvement.
- d. Acts of violence placing students and staff in staff in imminent danger require an immediate call to the police.

The District Code of Conduct is annually:

1. Reviewed by the Board of Education at a public meeting,
2. Reviewed by the staff at the first Superintendent's Conference Day, 3. Reviewed with all students on the first day of classes,
4. Mailed to all parents.

The Building-Level Emergency Response Plans specifically outline procedures to be followed for:

1. Responding to implied or direct threats of violence by students, teachers, other school personnel and visitors to the school
2. Protecting students, staff, and visitors from acts of violence.

B. Policies and procedures for contacting appropriate law enforcement officials in the event of a violent incident

Law enforcement officials (NYS Police, Otsego County Sheriff's Dept.) will be contacted by the Incident Commander as outlined in the Building-Level Emergency Response Plans. The building administrators will be responsible for contacting law enforcement agencies during an emergency.

C. Appropriate responses to emergencies

**Cooperstown Central School
District-Wide School Safety Plan**

The District recognizes that appropriate response to emergencies varies greatly depending upon the actual threat or act as well as the magnitude of such emergencies. The Building-Level Emergency Response Plans clearly detail the appropriate responses to such emergencies.

D. Policies and procedures to contact parents, guardians, or persons in parental relation to the students in the event of a violent incident or an early dismissal

The District will contact appropriate parents, guardians, or persons in parental relation via media release, telephone contact, electronic mass notification system or other appropriate means in the event of a violent incident or early dismissal.

Conditions requiring such notification are outlined in the Building Level Emergency Response Plans. An example of the letter sent home to parents for the Emergency Evacuation Drill is included. (Appendix 4, pg. 37)

SECTION V: PREVENTION AND INTERVENTION STRATEGIES

- A. Policies and procedures related to school building security, including, where applicable, the use of school safety officers and/or security devices or procedures have been established.**
- B. Procedures for the dissemination of informative materials to the media, staff, parents, and students have been established.**
- C. Prevention and intervention strategies have been established.**
- D. Description of duties, hiring and screening process, and required training of hall monitors and other school safety personnel have been developed.**

NYS Fingerprinting Laws will be followed

E. Bomb Threat

This plan is located in the confidential Building-Level Emergency Response Plan.

F. Hostage Taking

This plan is located in the confidential Building-Level Emergency Response Plan.

G. Intrusions

**Cooperstown Central School
District-Wide School Safety Plan**

This plan is located in the confidential Building-Level Emergency Response Plan.

H. Kidnapping

This plan is located in the confidential Building-Level Emergency Response Plan.

I. In the Event of School Cancellation.

In the event of a school cancellation, the Superintendent or designee will be responsible for notifying the media (radio and TV stations) and starting the district mass notification system for the purpose of notifying parents, students, and staff.

J. In the Event of Early Dismissal or Evacuation.

In the event of early dismissal or evacuation, the Superintendent or designee will be responsible for notifying the staff to put the needed procedures in place and for notifying parents.

VI: RECOVERY – SCHOOL DISTRICT SUPPORT FOR BUILDINGS

The Building-Level Emergency Response Teams will be supported in their efforts by all available indistrict resources and personnel as required by the nature of the emergency. County and State resources and personnel will be obtained as dictated by the nature of the emergency. The District commits to monthly Safety Committee Meetings and will make every effort to commit resources to participation in the ONC BOCES Safety Risk Management service. The School District Safety Team will be used as necessary in all Recovery Efforts.

VII: DISASTER MENTAL HEALTH SERVICES

A District-Wide Post-Incident Response Team will respond in crisis situations to help provide disaster mental health services. This list includes school psychologists, school counselors, school social worker, county mental health agencies, and area hospitals.

VIII.

COOPERSTOWN CENTRAL SCHOOL

TO: Parents, Students and Staff of Cooperstown Central School

**Cooperstown Central School
District-Wide School Safety Plan**

Cooperstown Central School Learning Plan for Remote Learners

Purpose:

This plan establishes guidelines and procedures for Cooperstown Central School to deliver instruction in a remote setting. It outlines procedures and describes the roles and responsibilities of all parties involved with remote learning. For the purposes of this document, “remote learner” is defined as an individual unable to attend in-person instruction at any Cooperstown Central School campus.

Accessibility

Cooperstown Central School will assess student digital accessibility prior to and/or at the beginning of the school year to prepare for online instruction. Students with:

- Reliable internet access, but insufficient device capabilities will be provided by a Chromebook/iPad or laptop to complete online instruction.
- Limited internet accessibility and the potential to use a mobile hotspot device for online instruction will be provided with a mobile hotspot in addition to their Chromebook/iPad or laptop.
- No internet accessibility will be provided instruction through paper/book assignments.

Cooperstown Central School will provide for parents to pick up learning materials and will arrange for delivery as needed. Where pickup or delivery is not possible, materials will be mailed directly to the student’s primary residence and collection procedures will be established between the family and Cooperstown Central School.

Teachers will collect student work and/or provide additional materials for pickup/delivery/mailing. If any staff member is unable to enter the building, they will contact administration to ensure work is delivered to students in a timely manner. As a safety precaution, student work (paper) via mail will be isolated for 24 hours before being provided to the teacher.

Accommodations

Cooperstown Central School will collaborate with parents/guardians, to ensure to the greatest extent practicable, each student with a disability will be provided educational and related services as identified in the student’s individual education plan (IEP).

The Cooperstown Central School site Principals, Directors, Supervisor of Itinerant Services, teachers, and related service providers will collaborate with the Committee on Special Education (CSE) to ensure that students’ programs and services are consistent with IEP recommendations in all instructional delivery environments (remote, hybrid, in-person). The Cooperstown Central School Communication and Work Log, as well as Related Service Provider session notes and IEP progress notes, will be maintained consistently and uniformly. Student progress will be shared with CSE and parents on a regular basis. The Cooperstown Central School will ensure that their teachers, related service providers and BOCES administrators (when applicable) will participate in home district CSE processes. Teachers and Related Service Providers will utilize a variety of methods to monitor student progress as referenced in the district’s reopening document. At this time, Cooperstown Central School does not provide any Committee on Preschool Special Education (CPSE) services.

**Cooperstown Central School
District-Wide School Safety Plan**

Instruction

Cooperstown Central School teachers will utilize the Learning Management System Google Classroom as a provision of their expanded learning classrooms. Instruction will be provided using the learning management platform which may also include but is not limited to additional software and virtual conferencing programs such as ZOOM. Assigned coursework will include a combination of synchronous and asynchronous activities such as class discussion via Zoom meetings, YouTube videos for skill/activity demonstrations and student interaction, online review modules for certification exams. Remote learners will be provided with alternative opportunities for obtaining hours towards work-based learning experiences and/or industry certification requirements. Remote learners will remain eligible to earn all the Cooperstown Central School awards and achievements, including honor roll designations, scholarships, etc. Remote learners will be held to the grading standards and policies of Cooperstown Central School outlined in the student handbook and will follow the Cooperstown Central School calendar for all holidays, breaks, marking periods, etc.

Administration will develop a school-wide remote schedule for students to interact and seek feedback and support from their teachers that follows individual students' daily schedule. One day of the week will be dedicated to remote student/staff office hours to provide instructional support and answer questions. This dedicated day may also be used for remote students to enter the building by appointment to minimize exposure to health risks and complete lab portions of their coursework and/or meet with service providers.

Student contact will be made by teachers, LTAs, and/or other staff to maintain instructional connections and strengthen school/home relationships. Each teacher will maintain a student contact log as well as maintain daily student attendance as verified through student activity in the learning management system. For students without access to the internet, daily phone contact will be made to verify attendance.

In instances where a remote learner is not engaging in the required coursework, the following steps will be taken:

1. Concerns will be raised to the school attendance officer
 - Attendance officer will connect with the parent through alternative methods (email, Facebook messenger, text, emergency contact)
2. Reach out to school counselor connected with the student program
 - The counselor will connect with the outside counselor and social worker and home school counselor
3. Program administrator will contact the component school administrator
 - Student engagement meeting will be held if student engagement does not improve
 - The meeting will include attendance officer, counselor, program administrator, component school counselor and administrator to determine next steps

Counseling

The Cooperstown Central School counselors will establish daily office hours for remote learners and schedule secure virtual conference meetings to provide mandated IEP counseling.

Roles and Responsibilities

Teachers	Counselors	Licensed Teaching Assistants & Teacher Aides	Consultant Teachers

Cooperstown Central School District-Wide School Safety Plan

<ul style="list-style-type: none"> ● Create and maintain Google Classroom ● Hold office hours and communicate such times to students - be available for questions via Google Classroom, zoom, or email ● Develop instruction that is foundational for future learning in his/her program and for success in the next level of work or education ● Teachers with college credit bearing classes will continue teaching those classes per college guidelines ● Teachers will use email, phone, Google Classroom, or text to communicate with students to determine health and safety, and to identify potential supports ● Participate in PLCs, webinars, and other professional development opportunities as needed to gather and share resources for continued instruction. **Cooperstown Central School
District-Wide School Safety Plan**

FROM: Sarah Spross, Superintendent
DATE: October 1, 2022
RE: EMERGENCY MANAGEMENT PLAN

All school districts in the State of New York are required to comply with the Commissioner's Regulation 155.13, which requires written annual instructions to parents, students, and staff regarding district emergency management plans. The completed plans are on file in the Superintendent's office and are available to parents, students and staff at any time school is open, between 8:30 A.M. and 3:30 P.M.

The object of emergency planning is to anticipate problems in dealing with natural and manmade disasters. Depending on the kind of intensity of the disaster, the school may be required to carry out any of the following procedures: school cancellation, evacuation, sheltering. It is important to take note that emergency procedures may be carried out without advance notice. Children may be coming home to either empty homes, or locked doors. Parents must make contingency plans with their children to go to the homes of a neighbor if the children require supervision. A form has been sent home to all elementary parents requesting this information.

Early dismissal or "go home" drills are held at least once a year. The date and time of the drill will be determined by school administration but will not be made public.

Early dismissal drills may alter your child's normal arrival time home from school. Parents should therefore discuss the purpose of this drill with their children, especially younger ones, to alleviate any fears or concerns children may have with leaving school at an unusual time.

Parents who pick their child up from school may do so only after the drill has been completed. All children participating in any after school activity will be escorted back to the school after the drill.

If you have any questions concerning this plan or wish to contribute to increasing its effectiveness, please contact the District office at 607.547.5364.

Communicable Disease - Pandemic Plan	

This Pandemic Plan is built upon the components already existing in our District-Wide School Safety Plan that also incorporates our Building-Level Emergency Response Plans. It is a flexible Plan developed in collaboration with a cross-section of the school community and public health partners and will be updated regularly to reflect current best practices. The Plan will be tested (exercised) routinely as part of the overall exercise of the District-Wide School Safety Plan. The District-Wide School Safety Team assumes responsibility for development and compliance with all provisions of this Plan and implementation at the building level through the Building-Level Emergency Response Team.

Effective April 1, 2021, Labor Law §27-c amends Labor Law §27-1 and adds a new provision to Education Law §2801-a. Labor Law §27-c requires public employers to develop operation plans in the event of certain declared public health emergencies. Public employers shall prepare a plan for the continuation of operations if the Governor declares a state disaster involving a communicable disease. Education Law §2801-a requires School Districts to develop plans consistent with the new Labor Law

**Cooperstown Central School
District-Wide School Safety Plan**

requirement. **Educational institutions must prepare plans consistent with Labor Law §27-c as part of their school safety plans pursuant to newly added subsection (2)(m) of Education Law §2801-a.**

This Plan addresses the required components in the sections as noted below:

Prevention/Mitigation

- (1) A list and description of positions and titles considered essential with justification for that determination.
- (2) The specific protocols that will be followed to enable non-essential employees and contractors to telecommute.
- (3) A description of how the employer will, to the extent possible, stagger work shifts of essential employees and contractors to reduce workplace and public transportation overcrowding.

Protection/Preparedness

- (4) Protocols to be implemented to secure personal protective equipment (PPE) sufficient to supply essential workers with 2 pieces of each PPE device needed for each work shift for at least six months. This must include a plan for storage of such equipment to prevent degradation and permit immediate access in the event of an emergency declaration.

Response

- (5) Protocols to prevent spread in the workplace in the event an employee or contractor is exposed, exhibits symptoms, or tests positive for the relevant communicable disease. Such protocols must include disinfection of the individual's work area and common areas. It must also address the policy on available leave with respect to testing, treatment, isolation, or quarantine.
- (6) Protocols for documenting precise hours and work locations of essential workers for purposes of aiding in tracking the disease and identifying exposed workers to facilitate the provision of any benefits that may be available to them on that basis.
- (7) Protocols for coordinating with the locality to identify sites for emergency housing for essential employees to contain the spread of the disease, to the extent applicable to the needs of the workplace.

Prevention/Mitigation

- We will work closely with the Otsego County Department of Health to determine the need for activation of our Plan. Suspected and confirmed cases of communicable disease will be reported to:
- Otsego County Public Health -
https://www.otsegocounty.com/departments/health_department/index.php ○ Main Phone - 607.547.4230 ○ Email - bondh@otsegocounty.com
 - Address - 140 County Highway 33W, Suite #3 Cooperstown, NY 13326 ○
 - Coronavirus Hotline: 1-888-364-3065
 - Weekend/After-hours Consultation and Reporting: 607-547-1697

**Cooperstown Central School
District-Wide School Safety Plan**

- The County Department of Health will monitor County-wide cases of communicable disease and inform School Districts as to appropriate actions.
- The Superintendent will help coordinate our pandemic planning and response effort. This person will work with the District-Wide School Safety Team that has responsibility for reviewing and approving all recommendations and incorporating them into the District-Wide School Safety Plan. The School Nurse(s) and District Medical Director will be vital members of the Safety Team. Because of the potential importance of technology in the response effort (communication and notification) individuals responsible for coordination of the School District technology program will also be important team members. Positions including, but not limited to the Superintendent, Business Administrator, Facility Director, Food Service Director, Transportation Coordinator, Public Information Officer and Building Principals will also be vital to the planning effort. Other individuals may be part of the Team as needed.
- The District-Wide School Safety Team will review and assess any obstacles to implementation of the plan. The Team will review the *CDC School District Pandemic Influenza Planning Checklist* (see appendix) to assist in this determination and has considered issues related to planning and coordination; continuity of student learning; core operations; infection control policies and procedures; and communication.
- The School District will emphasize hand-washing and cough/sneezing etiquette through educational campaigns including the CDC Germ Stopper Materials; Cover Your Cough Materials; It's a SNAP Toolkit; and the NSF Scrub Clean; which can all be accessed at <http://www.cdc.gov/flu/school/>.
- We will educate and provide information to parents, staff, and students about our Pandemic Plan and about how to make an informed decision to stay home when ill. We will utilize our website, postings, and direct mailings for this purpose.

(1) Essential Positions/Titles

In the event of a government ordered shutdown most staff would be able to work remotely. However, some positions may be required to be on-site or in district for us to continue to function. The following information is addressed in the table below:

- **Title** – a list of positions/titles considered essential which could NOT work remotely in the event of a state-ordered reduction of in-person workforce.
- **Description** – brief description of job function.
- **Justification** - brief description of critical responsibilities that could not be provided remotely.
- **Work Shift** – brief description of how the work shifts of those essential employees or contractors (if utilized) will be staggered to reduce overcrowding at the worksite.
- **Protocol** – how will precise hours and work locations, including off-site visits, be documented for essential employees and contractors (if utilized).

The worksheet below has been created in consultation with Central Administration, Human Resources, Facilities Services, Transportation, Food Service, Communications, Technology, Instructional Programs, Athletics, Special Education, Messenger/Mail Services, and Security.

**Cooperstown Central School
District-Wide School Safety Plan**

Human Resources Essential Positions				
Title	Description	Justification	Work Shift	Protocol
Director of Facilities I, Maintenance, Cleaners	Facilities maintenance and cleaning	Ensure building security and proper operation of building systems	limited staff per shift or work in separate areas of the building	Daily entry/exit logs and work logs
Cafeteria Manager, food service staff	Food service	Prepare/package meals for required food service	If multiple staff needed per shift, may alternate days with cohorts	Daily entry/exit logs and work logs
Director of Transportation Driver(s)	Transportation	Delivery of meals and/or instructional materials	Staggered shifts if needed - drivers should not interact	Daily entry/exit logs and work logs
MITs Technology Services	Network administration	Maintain network service, device repair as needed	single staff per shift or work in separate rooms	Daily entry/exit logs and work logs
Clerical Staff	Secretarial/business office support	Support provided to all administrative offices as needed	single staff per shift or work in separate rooms	Daily entry/exit logs and work logs
Building Principals	School Administration	Ensure continued educational programs/instruction	Work in Separate Buildings and rooms	Daily entry/exit logs and work logs
School Nurses	Health Care Needs	Ensure proper health protocols are followed	Work in Separate Buildings and rooms	Daily entry/exit logs and work logs
Business Office Staff	Business administration needs	Ensure compliance with all required business practices of district	Work in Separate Buildings and rooms	Daily entry/exit logs and work logs
Superintendent	School Administration	Ensure proper functioning of District	Work in Separate Building and room	Daily entry/exit logs and work logs

(2) Protocols Allowing Non-Essential Employees to Telecommute

Ensure Digital Equity for Employees

- **Mobile Device Assessments:**
 - Survey staff to determine who will need devices at home to maintain operational functions as well as instructional services.
 - Conduct a cost analysis of technology device needs.

**Cooperstown Central School
District-Wide School Safety Plan**

- **Internet Access Assessments:**
 - Survey staff to determine the availability of viable existing at-home Internet service.
 - Conduct a cost analysis of Internet access needs.
- **Providing Mobile Devices and Internet Access:**
 - To the extent practicable, procure, configure, and distribute appropriate mobile devices to those in need as indicated by the survey results.
 - To the extent practicable and technically possible, procure, and when available, provide appropriate Internet bandwidth to those in need as indicated by the survey results. Wi-Fi hotspots and residential commercial Internet options will be evaluated for effectiveness in particular situations.

Technology & Connectivity for Students - Mandatory Requirements:

- Survey the level of access to devices and high-speed broadband all students and teachers have in their places of residence.
- To the extent practicable, address the need to provide devices and internet access to students and teachers who currently do not have sufficient access.
- Provide multiple ways for students to participate in learning and demonstrate mastery of Learning Standards in remote or blended models, especially if all students do not yet have sufficient access to devices and/or high-speed internet.

Mobile Devices Delivery:

To increase options for continuing learning during extended closures technology will be leveraged in different ways to meet local needs, including but not limited to:

- Communication (e-mail, phone, online conferencing, social media)
- Teacher/student and student/student interaction (office hours, check-ins, peer collaboration)
- Instruction (video/audio recordings of instruction, instructional materials, synchronous distance learning, asynchronous online courses)
- Learning Materials and Content (digital content, online learning activities) • Additional Technology Devices Assessments:
 - Identify students' technology needs to include adaptive technologies
 - Use the Asset Tracking Management System procedures to check out all mobile devices
 - If a shutdown happens abruptly, plan a pick-up time and location, and arrange to deliver devices to those who cannot pick them up.
- Providing Multiple Ways for Students to Learn
 - Support instructional programs as needed in preparation of hard-copy work for students to participate in remote or blended models where students do not yet have sufficient access to devices and/or high-speed internet.

(3) Staggering Work Shifts of Essential Employees – Reducing Overcrowding

**Cooperstown Central School
District-Wide School Safety Plan**

Depending on the exact nature of the communicable disease and its impact, the Cooperstown Central School District is prepared to enact numerous strategies to reduce traffic congestion and maintain social distancing requirements to minimize building occupancy. The following will be considered:

- Limiting building occupancy to 25%, 50% or 75% of capacity or the maximum allowable by State or Local guidance.
- Forming employee work shift cohorts to limit potential contacts.
- Limit employee travel within the building.
- Limit restroom usage to specific work areas.
- Stagger arrival and dismissal times.
- Alternate workdays or work weeks.
- Implement a four-day work week.
- Limit or eliminate visitors to the building.

The School District will utilize these base strategies and expand upon them as necessary to address any public health emergency.

Protection (Preparedness)

We will collaborate with County and local partners to assure complementary efforts.

- The School District Superintendent has been designated the communicable disease safety coordinator (COVID Coordinator for COVID-19), whose responsibilities include compliance with the school's reopening plan, and any phased-in reopening activities necessary to allow for operational issues to be resolved before activities return to normal levels. The coordinator shall be the main contact upon identification of positive cases and is responsible for subsequent communication. Coordinators shall be responsible for answering questions from students, faculty, staff, and parents or legal guardians of students regarding a public health emergency and plans implemented by the school.

School/Program	Safety Coordinator/Administrator	Contact #
Junior/Senior High School	Building Principal: Owen Kelso	607-547-8181
Elementary School	Building Principal: Any Malcuria	607-547-9976
Administration	Superintendent: Sarah Spross	607-547-5364

- Communication with parents, students, staff, and the school community will be important throughout a pandemic outbreak. Communication methods may include websites, school postings, general mailings, e-mail, special presentations, telephone, text message, reverse 911 systems and the public media. The Superintendent has been designated District Public Information Officer (PIO) to coordinate this effort and act as the central point for all communication. The PIO will work with our Technology Department to assure proper function of all communication systems. This coordination will also help assure that as many redundant communication systems as possible are available.

**Cooperstown Central School
District-Wide School Safety Plan**

- Continuity of operations and business office function could be severely impacted by a loss of staff. As such, our plan will include procedures for maintaining essential functions and services. This will include:
 - Overall Operations – Recognizing the need for these essential individuals to have frequent communication we have established as many redundant communication systems as possible. Our primary communication will be through our normal phone system followed by e-mail and district automated phone notification system. (Thrill Share – All faculty and staff have access).
 - The Business Office is essential for maintaining overall function and facilities operation. Back-up personnel will be important to maintain purchasing and payroll responsibilities. Recognizing the need for job cross-training, we have trained individuals with the following job titles: Amy Kukenberger, Business Administrator, Kelly Liner, Account Clerk, Brenda Hunt, Account Clerk/Typist. To maintain these essential functions off-site, business office staff will be provided computers, printers (also for printing checks), and Wi-Fi hotspots as needed to work remotely.
 - Maintenance of facilities will be difficult with a reduced or absent maintenance staff. The Director of Facilities or back-up designee will keep the business office informed of such status and of the point at which buildings can no longer be maintained. The Director of Facilities has provided building administrators with procedures for maintaining essential building functions (HVAC system operation, alarms, security, etc. along with a list of telephone numbers of outside companies and alternates for repair and maintenance of these systems). If necessary, we will pool maintenance staff to assist in essential building functions.
 - School District Administration working in coordination with the Business Office will be essential in monitoring absenteeism and assuring appropriate delegation of authority. Changes to district policies and procedures to reflect crisis response may become necessary and will be implemented by the Superintendent and Board of Education. The School Business Administrator has provided cross-training of the following staff to ensure essential functions: Account Clerks. The Superintendent will help develop the plan, in conjunction with all bargaining units, for emergency use of personnel in non-traditional functions and changes in the normal workday such as alternate or reduced work hours, working from home, etc. Working with administration and local officials, the Superintendent will help decide if schools need to be closed.
- Continuity of instruction will need to be considered in the event of significant absences or school closure. Restructuring of the school calendar may become necessary. We will work closely with the New York State Education Department on this potential result throughout the crisis period. Some of the alternate learning strategies we have implemented include:
 - Hard copy, self-directed lessons.
 - Use of mobile media storage devices for lessons (laptop computer, jump drive, tablet, etc.).
 - On-line instruction, on-line resources, on-line textbooks (Kahoot, Blooket, Google forms, YouTube, etc.)
 - Web-based modalities for live lessons (Google classroom/meet, Zoom, etc.)

**Cooperstown Central School
District-Wide School Safety Plan**

(4) Obtaining and Storing Personal Protective Equipment (PPE)

PPE & Face Covering Availability

The District will provide employees with an acceptable face covering at no-cost to the employee and have an adequate supply of coverings in case of replacement.

- Cloth face coverings are meant to protect other people in case the wearer is unknowingly infected.
- Cloth face coverings are not surgical masks, respirators, or personal protective equipment.
- Information will be provided to staff and students on proper use, removal, and washing of cloth face coverings.
- Masks are most essential in times when physical distancing is difficult.
- Procurement, other than basic preliminary purchases, will be done using cooperative purchasing whenever possible.
- Teach and reinforce use of face coverings among all staff and students.
- Staff are encouraged to utilize their own personal face coverings.
- Parents will also be encouraged to provide face coverings for students however, face coverings will be provided for any student that cannot provide their own.

Specialized PPE (N95s, KN95s, face shields, gowns, gloves, etc.) may be required for specific work tasks and will be provided as deemed necessary. N95 respirators are recommended only if staff will be in contact with a suspected positive case of a contagious disease. Those employees required to wear N95 respirators will be fit-tested and medically screened prior to use to assure they are physically able to do so. The ONC BOCES Safety Risk Management Officer will work with the district to identify all specific work tasks and personnel requiring the use of an N95 respirator and will assist in the fitting of the mask. The School Medical Director will screen all such personnel as required.

PPE Supply Management

As required by Labor Law §27-c, the District will procure appropriate personal protective equipment for essential employees based upon the various tasks and needs of such employees in a quantity sufficient to provide each type of personal protective equipment to each essential employee during any given work shift.

This PPE will be stored and replaced as follows, unless manufacturer recommendations are different:

- Keep in a clean, secure, temperature-controlled environment to prevent damage or contamination.
- Avoid storage areas that are damp or have temperature extremes.
- Use oldest supplies first and check facepiece, straps and seal material for signs of damage or deterioration.

**Cooperstown Central School
District-Wide School Safety Plan**

Using the following charts for staff and students on site, the Facilities Department will work with programs to determine the overall PPE needs of the District:

Disposable Face Coverings Initial recommended quantities per 100 individuals					
Group	Quantity needed for 1 week	12 Week Supply 100% Attendance	12 Week Supply 50% Attendance	12 Week Supply 25% Attendance	Assumptions
100 Students	100	1,200	600	300	1 Disposable Mask per Week per Student
100 Teachers and other staff	500	6,000	3,000	1,500	5 disposable masks per week per person
2 Nurses/Health Staff	40	480	240	120	10 Disposable masks per Week per School Nurse

PPE for Each Staff Having High Intensity Contact with Students			
<i>Item</i>	1 Week Supply per Staff	12 Week Supply per Staff	Assumptions
<i>Disposable Nitrile Gloves</i>	10	120	10 per Week per Staff
<i>Disposable Gowns</i>	10	120	10 per Week per Staff
Eye Protection	2	n/a	2 Re-usable per Staff
Face Shields	2	n/a	2 Re-usable per Staff
N-95 Respirators*	10	120	10 per Week per Staff

Response

The District-Wide School Safety Team will meet to determine the need for activation of a pandemic response based on internal monitoring and correspondence with the County Department of Health and other experts. Each Building-Level Emergency Response Team will be informed that the Plan has been activated.

- The entire Incident Command Structure at both the District and Building level will be informed that the response effort has been enacted. These individuals will meet to discuss the Plan's activation and review responsibilities and communication procedures.
- The PIO will work closely with the BOCES Managed IT Service Program to test all communication systems to assure proper function. The District-Wide School Safety Team and Building-Level Emergency Response Teams will assist in this effort.
- Based on the latest information from collaboration with our partners, and to send a message consistent with public health authorities, the PIO will utilize the communication methods previously described to alert the school community of the activation of our District-Wide School Safety Plan as it specifically applies to pandemics.

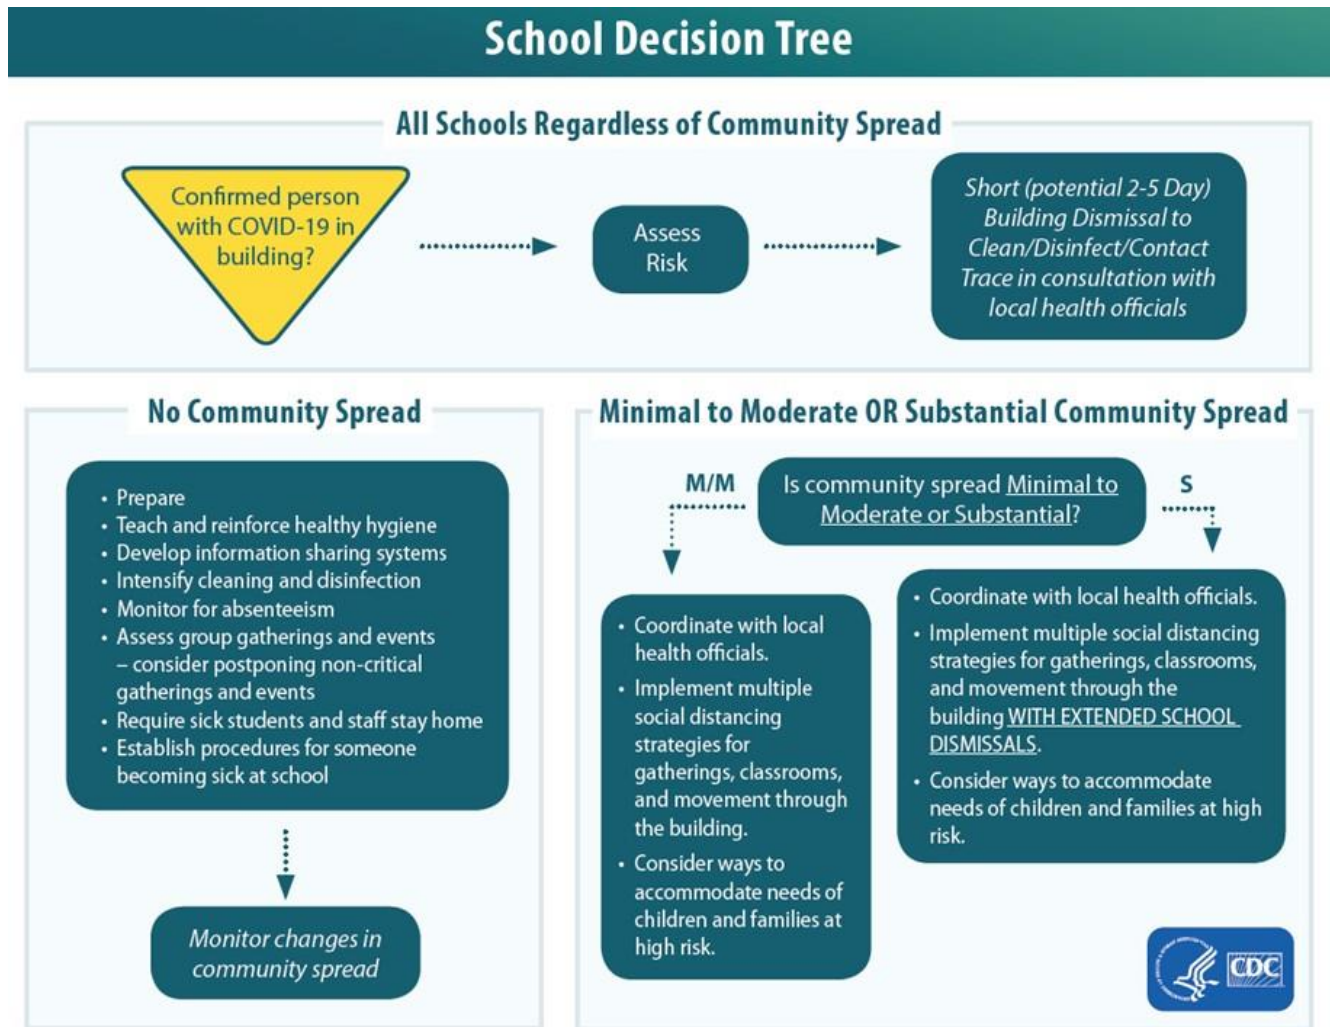

**Cooperstown Central School
District-Wide School Safety Plan**

- The Business Official will meet with staff to review essential functions and responsibilities of back-up personnel. Ability to utilize off-site systems will be tested. The Business Official will monitor utilization of supplies, equipment, contracts, and provided services and adjust as necessary.
- The Facility Director will meet with staff and monitor ability to maintain essential function. The Facility Director will review essential building function procedures with the Principal and command chain. Sanitizing procedures will be reviewed with teachers. The Facility Director will work closely with the Business Official or designee to implement different phases of the Plan as necessary.
- The Superintendent and other school administrators will meet with staff to review essential functions and responsibilities of back-up personnel. The Superintendent and other school administrators will monitor absenteeism to assure maintenance of the Command Structure and possible need to amend existing procedures.
- **Any decision to close school will be made in collaboration with the Superintendent, Local Health Department and NYS Education Department.**

(5) Preventing Spread, Contact Tracing and Disinfection Confirmed Case Requirements & Protocols

Instructional programs must be prepared for communicable disease outbreaks in their local communities and for individual exposure events to occur in their facilities, regardless of the level of community transmission. The following example is a COVID-19 decision tree to help schools determine which set of mitigation strategies may be most appropriate for their current situation. This

Cooperstown Central School
District-Wide School Safety Plan

may need to be modified for different communicable disease outbreaks.

Center for Disease Control (CDC) and New York State Department of Health (NYSDOH) Recommendations:

- Close off areas used by a sick person and do not use those areas until after cleaning and disinfection has occurred.
- If possible, open outside doors and windows to increase air circulation in the area.
- Wait at least 24 hours before cleaning and disinfecting a contaminated room. If waiting 24 hours is not feasible, then wait as long as possible.
- Clean and disinfect all areas used by the suspected or confirmed infected person, such as offices, classrooms, bathrooms, lockers, and common areas.
- Once the area has been appropriately cleaned and disinfected it can be reopened for use.
- Individuals without close or proximate contact with the suspected or confirmed infected person can return to the area and resume school activities immediately after cleaning and disinfection.

**Cooperstown Central School
District-Wide School Safety Plan**

- Refer to NYSDOH guidance for current information on close and proximate contacts, and how staff can safely return to work.
- If more than seven days have passed since the suspected or confirmed infected person visited or used the facility, additional cleaning or disinfection is not necessary, but routine cleaning and disinfection should continue.

Return to School After Illness:

Schools must follow CDC and NYSDOH guidance for allowing a student or staff member to return to school after exhibiting symptoms of a communicable disease. Depending on the disease, if a person is not diagnosed by a healthcare provider (physician, nurse practitioner, or physician assistant) they can return to school:

- Once there is no fever, without the use of fever reducing medicines, and they have felt well for 24 hours.
- If they have been diagnosed with another condition and have a healthcare provider written note stating that they are clear to return to school.

If a person is diagnosed with a communicable disease by a healthcare provider based on a test or whether they had or currently have symptoms, they should not be at school and should stay at home until:

- It has been at least ten days since the individual first had symptoms.
- It has been at least three days since the individual has had a fever (without using fever reducing medicine).
- It has been at least three days since the individual's symptoms improved, including cough and shortness of breath.

Refer to current CDC and NYSDOH guidance for individuals who are on home isolation regarding when the isolation may end.

CDC recommendations for discontinuing isolation in persons known to be infected with COVID-19 could, in some circumstances, appear to conflict with recommendations on when to discontinue quarantine for persons known to have been exposed to COVID-19. CDC recommends 14 days of quarantine after exposure based on the time it may take to develop illness if infected. Thus, it is possible that a person known to be infected could leave isolation earlier than a person who is quarantined because of the possibility they are infected.

Staff Absenteeism

- Instructional staff will call into the absence management system when they are absent due to illness. Substitutes will be provided as necessary and as requested.
- The instructional departments will monitor absenteeism of students and staff, cross train staff, and create a roster of trained back-up staff.

**Cooperstown Central School
District-Wide School Safety Plan**

Employee Assistance Program (EAP)

- The Human Resources Department will continue to disseminate information to employees about EAP resources. EAP is a voluntary, work-based program that offers free and confidential assessments, short-term counseling, referrals, and follow-up services to employees who have personal and/or work-related problems. EAPs address a broad and complex body of issues affecting mental and emotional well-being, such as alcohol and other substance abuse, stress, grief, family problems, and psychological disorders.

Medical Accommodations

- The School Administration and/or Business Office will handle medical and contagious disease accommodations, such as telework or shift modification. Requests for accommodations should be sent to: akukenberger@cooperstowncs.org.

New York State Contact Tracing Program

If a student or staff member tests positive for a contagious disease the New York State Contact Tracing Program will be implemented. As such, it is important for everyone to understand how contact tracing works.

It is recommended that all District-wide School Safety Team members, administrators, principals, nurses, and others take the free Johns Hopkins University COVID-19 Contact Tracing Course at <https://www.coursera.org/learn/covid-19-contact-tracing>.

New York State has partnered with Bloomberg Philanthropies, Johns Hopkins Bloomberg School of Public Health and Vital Strategies to create the NYS Contact Tracing Program, a nation-leading initiative to help slow the spread of COVID-19. Contact Tracers work with people who have tested positive for COVID-19 to identify people they have had contact with and let them know they may have been exposed to the disease.

If you get a call from “NYS Contact Tracing” (518-387-9993), PLEASE answer the phone.

Answering the phone will keep your loved ones and community safe.

A contact tracer will:

- NEVER ask for your Social Security number
- NEVER ask for any private financial information
- NEVER ask for credit card information
- NEVER send you a link without proper authentication procedures

If you test positive, a Contact Tracer will connect you with the support and resources you may need through quarantine, such as help getting groceries or household supplies, child-care, medical care, or other supplies. The Tracer will work with you to identify and reach out to anyone you’ve been in contact with while you were infectious to trace and contain the spread of the virus.

People who have come in close contact with someone who is positive are asked to stay home and limit their contact with others. By staying home during this time, IF you become sick yourself, you have not infected many others along the way.

**Cooperstown Central School
District-Wide School Safety Plan**

Testing, medical and quarantine support for yourself and your loved ones will be arranged. We will not release your name to anyone. Your information is strictly confidential and will be treated as a private medical record. This nation-leading program will place emphasis on areas with the highest rates of infection and on regions ready to open. The program will be implemented in coordination with New Jersey and Connecticut.

Your caller ID will say “NYS Contact Tracing” (518-387-9993).

Please answer the phone so we can keep NY moving forward and stop the spread of COVID-19.

Facilities: Cleaning and Disinfecting

Soiled surfaces and objects must be cleaned before being disinfected. Cleaning does not kill germs or viruses but rather removes many of them, along with dirt and other impurities, from surfaces or objects. Disinfecting then kills many of the remaining germs and viruses, lowering their number to a safe level, as judged by public health standards.

If surfaces or objects are soiled with body fluids or blood, use gloves and other standard precautions to avoid contact with the fluid. Remove the spill, and then clean and disinfect the surface.

Routine cleaning of school settings includes:

- Cleaning high contact surfaces that are touched by many different people, such as light switches, handrails, and doorknobs/handles
- Dust- and wet-mopping or auto-scrubbing floors
- Vacuuming of carpets, entryways, and high traffic areas
- Removing trash
- Cleaning and disinfecting restrooms
- Wiping heater and air conditioner vents
- Spot cleaning walls
- Spot cleaning carpets
- Dusting horizontal surfaces and light fixtures
- Cleaning spills

Classroom/Therapy Rooms

The District will provide related service providers with additional cleaning supplies to ensure continuous disinfecting of classrooms and therapy rooms that service students with complex disabilities where multiple tools are used for communication, mobility, and instruction.

**Cooperstown Central School
District-Wide School Safety Plan**

Common Areas

Smaller common areas, like kitchenettes and copy room areas, should have staggered use. Face masks, or other identified PPE shall be worn in common areas, unless advised otherwise. Signage shall be posted in common areas to remind staff of health and safety etiquette.

Disinfecting

- Cleaning and disinfection requirements from the CDC and NYSDOH will be adhered to.
- Custodial logs will be maintained that include the date, time and scope of cleaning and disinfection. Cleaning and disinfection frequency will be identified for each facility type and responsibilities will be assigned.
- Hand hygiene stations will be provided and maintained, including handwashing with soap, running warm water, and disposable paper towels, as well as an alcohol-based hand sanitizer containing 60% or more alcohol for areas where handwashing is not feasible.
- Regular cleaning and disinfection of facilities and more frequent cleaning and disinfection for high-risk areas used by many individuals and for frequently touched surfaces, including desks and cafeteria tables will be conducted.
- Regular cleaning and disinfection of restrooms will be performed.
- Cleaning and disinfection of exposed areas will be performed in the event an individual is confirmed to be infected, with such cleaning and disinfection to include, at a minimum, all heavy transit areas, and high-touch surfaces.
- Although cleaning and disinfection is primarily a custodial responsibility, appropriate cleaning and disinfection supplies will be provided to faculty and staff as approved by central administration.
- Additional paper towel dispensers may be installed in other designated spaces.

Upon request, facilities services will provide CDC approved disinfecting solutions for additional on the spot disinfecting. This should be done daily or between use as much as possible. Examples of frequently touched areas in schools may include:

- Bus seats and handrails.
- Buttons on vending machines and elevators.
- Changing tables.
- Classroom desks and chairs.
- Door handles and push plates.
- Handles on equipment (e.g., athletic equipment).
- Handrails, ballet barres.
- Dance studio floors.
- Kitchen and bathroom faucets.
- Light switches.
- Lunchroom tables and chairs.
- Positive Academic Support Solution (PASS) Rooms.
- Related Services Spaces.
- Shared computer or piano keyboards and mice.
- Shared desktops.

**Cooperstown Central School
District-Wide School Safety Plan**

- Shared telephones.

Hand Sanitizing

- Hand sanitizer dispensers will be located and installed in approved locations.
- Hand sanitizer bottles will be distributed to staff as approved by central administration.
- The District ensures that all existing and new alcohol-based hand-rub dispensers, installed in any location, are in accordance with the Fire Code of New York State (FCNYS) 2020 Section 5705.5.

Trash removal

- Trash will be removed daily.
- Garbage cans or process for collecting trash during lunch periods in classrooms will be increased where necessary.
- No-touch trash receptacles will be utilized, where possible.

(6) Documenting Precise Hours/Work Locations of Essential Workers

It is recognized that as the work environment changes to adapt to the emergency situation and typical work schedules are modified it can become more difficult to track employees especially if they conduct work off site or in numerous locations. Daily work logs will be maintained by each staff. Student and staff sign in/sign out sheets will be utilized for each building and may be used for areas within a building as needed. The ability to identify these individuals will be extremely important if contact tracing is necessary during a communicable disease crisis.

(7) Emergency Housing for Essential Employees

Emergency housing for essential workers is generally not required for school employees as opposed to healthcare workers and other critical care employees. However, the following local hotels/motels can be accessed if necessary:

1. The Otesaga, Cooperstown (607-547-9931)
2. Holiday Inn Express, Cooperstown (607-547-8000)
3. Best Western, Cooperstown (607-547-7100)
4. Hampton Inn Express, Oneonta (607-433-9000)
5. Courtyard Marriott, Oneonta (607-432-2200)
6. Holiday Inn, Oneonta (607-684-2000)
7. Super 8, Oneonta (607-353-6875)

If necessary, School Districts will work with the County Office of Emergency Management to determine housing options.

**Cooperstown Central School
District-Wide School Safety Plan**

Recovery

- Re-establishing the normal school curriculum is essential to the recovery process and should occur as soon as possible. We will work toward a smooth transition from the existing learning methods to our normal process. We will use all described communication methods and our PIO to keep the school community aware of the transition process.
- We will work closely with the New York State Education Department to revise or amend the school calendar as deemed appropriate.
- We will evaluate all building operations for normal function and re-implement appropriate maintenance and cleaning procedures.
- Each Building-Level Post-incident Response Team will assess the emotional impact of the crisis on students and staff and make recommendations for appropriate intervention.
- The District-Wide School Safety Team and Building-Level Emergency Response Teams will meet to de-brief and determine lessons learned. Information from the PIO, Business Office, Human Resources, Facility Director, and Curriculum Supervisor will be vital to this effort. The District-Wide School Safety Plan and Building-Level Emergency Response Plans will be revised to reflect this.
- Curriculum activities that may address the crisis will be developed and implemented.

SCHOOL DISTRICT (K-12) PANDEMIC INFLUENZA PLANNING CHECKLIST

Local educational agencies (LEAs) play an integral role in protecting the health and safety of their district's staff, students and their families. The Department of Health and Human Services (HHS) and the Centers for Disease Control and Prevention (CDC) have developed the following checklist to assist LEAs in developing and/or improving plans to prepare for and respond to an influenza pandemic.

Building a strong relationship with the local health department is critical for developing a meaningful plan. The key planning activities in this checklist build upon existing contingency plans recommended for school districts by the U.S. Department of Education (Practical Information on Crisis Planning: A Guide For Schools and Communities <http://www.ed.gov/admins/lead/safety/emergencyplan/crisisplanning.pdf>).

Further information on pandemic influenza can be found at www.pandemicflu.gov.

I. Planning and Coordination:

Completed	In Progress	Not Started	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Identify the authority responsible for declaring a public health emergency at the state and local levels and for officially activating the district's pandemic influenza response plan.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Identify for all stakeholders the legal authorities responsible for executing the community operational plan, especially those authorities responsible for case identification, isolation, quarantine, movement restriction, healthcare services, emergency care, and mutual aid.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	As part of the district's crisis management plan, address pandemic influenza preparedness, involving all relevant stakeholders in the district (e.g., lead emergency response agency, district administrators, local public health representatives, school health and mental health professionals, teachers, food services director, and parent representatives). This committee is accountable for articulating strategic priorities and overseeing the development of the district's operational pandemic plan.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Work with local and/or state health departments and other community partners to establish organizational structures, such as the Incident Command System, to manage the execution of the district's pandemic flu plan. An Incident Command System, or ICS, is a standardized organization structure that establishes a line of authority and common terminology and procedures to be followed in response to an incident. Ensure compatibility between the district's established ICS and the local/state health department's and state education department's ICS.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Delineate accountability and responsibility as well as resources for key stakeholders engaged in planning and executing specific components of the operational plan. Assure that the plan includes timelines, deliverables, and performance measures.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Work with your local and/or state health department and state education agencies to coordinate with their pandemic plans. Assure that pandemic planning is coordinated with the community's pandemic plan as well as the state department of education's plan.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Test the linkages between the district's Incident Command System and the local/state health department's and state education department's Incident Command System.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Contribute to the local health department's operational plan for surge capacity of healthcare and other services to meet the needs of the community (e.g., schools designated as contingency hospitals, schools feeding vulnerable populations, community utilizing LEA's healthcare and mental health staff). In an affected community, at least two pandemic disease waves (about 6-8 weeks each) are likely over several months.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Incorporate into the pandemic influenza plan the requirements of students with special needs (e.g., low income students who rely on the school food service for daily meals), those in special facilities (e.g., juvenile justice facilities) as well as those who do not speak English as their first language.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Participate in exercises of the community's pandemic plan.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Work with the local health department to address provision of psychosocial support services for the staff, students and their families during and after a pandemic.

SAMPLE

1. Planning and Coordination (cont.):

Completed	In Progress	Not Started	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Consider developing in concert with the local health department a surveillance system that would alert the local health department to a substantial increase in absenteeism among students.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Implement an exercise/drill to test your pandemic plan and revise it periodically.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Share what you have learned from developing your preparedness and response plan with other LEAs as well as private schools within the community to improve community response efforts.

2. Continuity of Student Learning and Core Operations:

Completed	In Progress	Not Started	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Develop scenarios describing the potential impact of a pandemic on student learning (e.g., student and staff absences), school closings, and extracurricular activities based on having various levels of illness among students and staff.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Develop alternative procedures to assure continuity of instruction (e.g., web-based distance instruction, telephone trees, mailed lessons and assignments, instruction via local radio or television stations) in the event of district school closures.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Develop a continuity of operations plan for essential central office functions including payroll and ongoing communication with students and parents.

3. Infection Control Policies and Procedures:

Completed	In Progress	Not Started	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Work with the local health department to implement effective infection prevention policies and procedures that help limit the spread of influenza at schools in the district (e.g. promotion of hand hygiene, cough/sneeze etiquette). Make good hygiene a habit now in order to help protect children from many infectious diseases such as flu.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Provide sufficient and accessible infection prevention supplies (e.g., soap, alcohol-based/waterless hand hygiene products, tissues and receptacles for their disposal).
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Establish policies and procedures for students and staff sick leave absences unique to a pandemic influenza (e.g., non-punitive, liberal leave).
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Establish sick leave policies for staff and students suspected to be ill or who become ill at school. Staff and students with known or suspected pandemic influenza should not remain at school and should return only after their symptoms resolve and they are physically ready to return to school.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Establish policies for transporting ill students.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Assure that the LEA pandemic plan for school-based health facilities conforms to those recommended for health care settings (Refer to www.hhs.gov/pandemicflu/plan).

4. Communications Planning:

Completed	In Progress	Not Started	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Assess readiness to meet communication needs in preparation for an influenza pandemic, including regular review, testing, and updating of communication plans.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Develop a dissemination plan for communication with staff, students, and families, including lead spokespersons and links to other communication networks.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Ensure language, culture and reading level appropriateness in communications by including community leaders representing different language and/or ethnic groups on the planning committee, asking for their participation both in document planning and the dissemination of public health messages within their communities.

SAMPLE

4. Communications Planning (cont.):

Completed	In Progress	Not Started	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Develop and test platforms (e.g., hotlines, telephone trees, dedicated websites, and local radio or TV stations) for communicating pandemic status and actions to school district staff, students, and families.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Develop and maintain up-to-date communications contacts of key public health and education stakeholders and use the network to provide regular updates as the influenza pandemic unfolds.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Assure the provision of redundant communication systems/channels that allow for the expedited transmission and receipt of information.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Advise district staff, students and families where to find up-to-date and reliable pandemic information from federal, state and local public health sources.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Disseminate information about the LEA's pandemic influenza preparedness and response plan (e.g., continuity of instruction, community containment measures).
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Disseminate information from public health sources covering routine infection control (e.g., hand hygiene, cough/sneeze etiquette), pandemic influenza fundamentals (e.g., signs and symptoms of influenza, modes of transmission) as well as personal and family protection and response strategies (e.g., guidance for the at-home care of ill students and family members).
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Anticipate the potential fear and anxiety of staff, students, and families as a result of rumors and misinformation and plan communications accordingly.

Emergency Early Dismissal Drill Letter-

November 2023

Dear Parents/Guardians:

The Emergency Early Dismissal Drill will be conducted on November __, 2023. Elementary students will be dismissed at 2:20 PM and Junior/Senior High School students will be dismissed at 2:30 PM. All buses and others who drive will exit by way of regular routes. Once students have left, other personnel should leave the buildings except as follows:

Junior/Senior High School students who have scheduled games or practices and any other after school activities are to report to the Gymnasium. Coaches and advisors are also to report to the Gym for supervision purposes.

This drill is conducted as per Commissioner's Regulation 155.13 that stipulates such drills will not occur more than 15 minutes earlier than normal dismissal time. We will complete the drill by 3:00 PM for anyone who needs or wishes to return to the building for any reason.

If you have any questions about the drill, please contact my office at the number listed above.

Sincerely,

Sarah Spross
Superintendent of Schools
