

## NCAA Course Audit & Portal Maintenance Report

### Community High School District 117

SCHOOL DISTRICT CONTACTS: Scott Leverentz  
Completed by Honest Game: September 20, 2023

---

Honest Game's NCAA Course Audit & Portal Maintenance ensures your high school courses are appropriately managed within the NCAA Eligibility Center Portal. After this Honest Game audit, here is what we found:

- 754 courses were identified and reviewed by Honest Game
- 204 courses required review
- 3 courses were submitted to NCAA Portal
- 2 courses were newly approved

Why is the NCAA Eligibility Center Portal important to maintain? Without regular course updates and portal maintenance, students are at serious risk of taking core classes that are not NCAA-approved that will often result in unexpected denial of NCAA certification to take a scholarship and compete.

**Last Dates of NCAA Portal Update Supported by Honest Game: September 15, 2023**

### Recommended Action Items

1. Discuss remaining courses to Submit or Rename at the District level
2. Gather course documentation to submit classes with NCAA RC8 notation (let Honest Game assist you!)
3. Verify Nontraditional courses and platforms prior to September 1, 2023 NCAA rule change.

Please contact Courtney Sakellaris at [csakellaris@honestgame.com](mailto:csakellaris@honestgame.com) to clarify action items and discuss next steps.

---

**Courses highlighted in yellow were submitted and NCAA approved due to the Honest Game Course Audit Process.**
