

SCHOOL COMMITTEE GOALS

The school committee is responsible to the people for whose benefit the school system has been established. The committee's current decisions will influence the course of education in our schools for years to come. The committee and each of its members must look to the future and to the needs of all people more than the average citizen finds necessary. This requires a comprehensive perspective and long-range planning in addition to attention to immediate problems.

The school committee's primary responsibility is to establish those purposes, programs, and procedures that will best produce the educational achievement needed by our students. The committee is charged with accomplishing this while also being responsible for wise management of resources available to the school system. The committee must fulfill these responsibilities by functioning primarily as a legislative body to formulate and adopt policy, by selecting an executive officer to implement policy, and by evaluating the results. It must carry out its functions openly, while seeking the comments of public, students, and staff in its decision-making processes.

In accordance with these principles, the technique will involve:

1. Periodically setting performance objectives for the school committee itself and evaluating their accomplishment.
2. Setting objectives for performance for each position and function in the system.
3. Allowing the people responsible for carrying out objectives to have a role in setting them.
4. Establish practical and simple goals.
5. Conducting a concrete and periodic review of performance against these goals.

3. Allowing the people responsible for carrying out objectives to have a role in setting them.

EVALUATION OF SCHOOL COMMITTEE OPERATIONAL PROCEDURES

The School Committee will periodically establish realistic objectives related to committee procedures and relationships. At the end of a specified length of time, the committee will measure its performance against the stated objectives.

The following areas of school committee operations and relationships are representative of those in which objectives may be set and progress appraised:

1. Communication with the public
2. School Committee - Superintendent relationships
3. School Committee member development and performance
4. Policy development
5. Educational leadership
6. Fiscal management
7. School Committee meetings
8. Performance of subcommittees of the School Committee
9. Interagency and governmental relationships

When the committee has completed its self-evaluation, the members will discuss the results in detail and formulate a new series of objectives. At the same time, the committee will set an approximate date on which the next evaluation will be conducted.

Implied in the concept of evaluation is an assumption that individuals and committees are capable of improvement. The school committee believes that its performance will be improved if evaluation is carried out systematically in accordance with good planning, conscientious follow-through, and careful assessment of results.

SCHOOL COMMITTEE LEGAL STATUS

State law provides that:

Every town at its annual meeting shall in every year when the term of office of any incumbent expires, and except when other provision is made by law, choose by ballot from its registered voters the following town officers for the following terms of office:

...~~Three, five, six, seven or nine~~ members of the Sschool Committee for terms of three years ...

The Medfield School Committee is the governing board of the Medfield Sschool ~~system~~District. Although it is a committee of town government, it owes its existence to the Massachusetts General Laws, which decree that each public school ~~system~~district shall be governed by a ~~school-~~committeeSchool Committee.

Authority

~~The school committee will not be bound in any way by any statement or action on the part of an individual member except when such statement or action is a result of specific instructions of the committee.~~

~~To keep abreast of new laws and the latest trends in education.~~

~~To have a general knowledge of the goals, objectives, and programs of the town's public schools.~~

~~To refer questions and complaints to the proper school authorities.~~

~~To accept the will of the majority vote in all cases, and to remember that he/she is one of a team and must abide by, and carry out, all committee decisions once they are made.~~

Commitment to Group Decisions

~~It is to be expected that differences of opinion will exist in the decision-making about such a vital and sensitive matter as children's education. This Committee believes the purpose of public meetings as required for a school committee is to provide an opportunity for differences to be expressed, analyzed, and harmonized into workable plans for carrying on the functions of education. We believe further that such discussions should be conducted in the spirit of democratic search for enlightenment: systematically, efficiently, and with dignity. We also believe that upon arriving at a majority decision, each member of the Committee has an ethical obligation to work toward the successful realization of that decision, always retaining the citizen's and member's right to strive toward altering the decision—operating under moral and sanctioned channels—if he/she believes the decision was not correct.~~

SCHOOL COMMITTEE MEMBER ETHICS (Massachusetts Association of School Committees Code of Ethics)

Preamble

The acceptance of a code of ethics implies the understanding of the basic organization of school committees under the Laws of the Commonwealth of Massachusetts. The oath of office of a School Committee member binds the individual member to adherence to those state laws which apply to school committees, since school committees are agencies of the state.

This code of ethics delineates three areas of responsibility of School Committee members in addition to that implied above: (1) community responsibility; (2) responsibility to the school administration; and (3) relationship to fellow Committee members.

A Medfield School Committee member in his/her/their relations with his/her/their community should:

- Realize that his/her/their primary responsibility is to the children.
- Recognize that his/her/their basic function is to be policymaking and not administrative.
- Remember that he/she is/they are one of a team and must abide by, and carry out, all Committee decisions once they are made.
- Be well informed concerning the duties of a Committee member on both a local and state level.
- Remember that he/she represents/they represent the entire community at all times.
- Accept the office as a Committee member as a means of unselfish service with no intent to "play politics," in any sense of the word, or to benefit personally from his/her/their Committee activities.

A School Committee member in his/her/their relations with his/her/their school administration should:

- Endeavor to establish sound, clearly-defined policies which will direct and support the administration.
- Recognize and support the administrative chain of command and refuse to act on complaints as an individual outside the administration.
- Act only on the recommendations of the chief administrator in all matters of employment or dismissal of school personnel.
- Give the chief administrator full responsibility for discharging his/her/their professional duties and hold him/her/them responsible for acceptable results.
- Refer all complaints to the administrative staff for solution and only discuss them at Committee meetings if such solutions fail.

A School Committee member in his/hertheir relations with his/hertheir fellow Committee members should:

- Recognize that action at official meetings is binding and that he/shethey alone cannot bind the Committee outside of such meetings.
- Realize that he/shethey should not make statements or promises of how he/shethey will vote on matters that will come before the Committee.
- Uphold the intent of executive sessions and respect the privileged communication that exists in executive sessions.
- Not withhold pertinent information on school matters or personnel problems, either from members of his/hertheir own Committee or from members of other committees who may be seeking help and information on school problems.
- Make decisions only after all facts on a question have been presented and discussed.

The Medfield School Committee may use the services provided by the town counsel. The committee and the superintendent may seek his/her services to counsel and represent the Sschool systemDistrict at various times.

However, because the complexity of school department operations often requires specialized legal services, the committee may also retain an attorney or law firm to provide additional legal services.

It will be the duty of the counsel for the committee to advise the school committee and the superintendent on the specific legal problems submitted ~~to him/her~~. He/sheCounsel will attend meetings upon request and will be sufficiently familiar with committee policies, practices, and actions under these policies, and with requirements of the school law to enable him/her to offer the necessary legal advice.

Many types of legal assistance are routine and do not require specific committee approval or prior notice. EXECUTIVE SESSIONS

All meetings of the school committee are open to attendance by the public and media representatives. However, the committee has the right to convene in a closed executive session when it meets the following procedural conditions imposed by state law:

1. The committee will first convene in an open session for which due notice has been given.
2. The **chairman** (or, in his/her absence, the presiding member) will state the purpose for the executive session.
3. A majority of the members must vote to enter the executive session, with the vote taken by roll call and recorded in the official minutes.
4. The **chairman** or presiding member will state before entering the executive session whether the committee will reconvene in open session after the executive session.

The law puts specific limitations on the purposes for which executive sessions may be convened. The committee may enter executive sessions only to deliberate:

1. To discuss the reputation, character, physical condition or mental health, rather than professional competence, of an individual, or to discuss the discipline or dismissal of, or complaints or charges brought against, a public officer, employee, staff member or individual. The individual to be discussed in such executive session shall be notified in writing by the public body at least 48 hours prior to the proposed executive session; provided, however, that notification may be waived upon written agreement of the parties. A public body shall hold an open session if the individual involved requests that the session be open. If an executive session is held, such individual shall have the following rights:
 - i. to be present at such executive session during deliberations which involve that individual;
 - ii. to have counsel or a representative of his own choosing present and attending for the purpose of advising the individual and not for the purpose of active participation in the executive session;
 - iii. to speak on his own behalf; and
 - iv. to cause an independent record to be created of said executive session by audio-recording or transcription, at the individual's expense.

The rights of an individual set forth in this paragraph are in addition to the rights that he may have from any other source, including, but not limited to, rights under any laws or collective bargaining agreements and the exercise or non-exercise of the individual rights under this section shall not be construed as a waiver of any rights of the individual.

2. To conduct strategy sessions in preparation for negotiations with nonunion personnel or to conduct collective bargaining sessions or contract negotiations with nonunion personnel;
3. To discuss strategy with respect to collective bargaining or litigation if an open meeting may have a detrimental effect on the bargaining or litigating position of the public body and the chair so declares;
4. To discuss the deployment of security personnel or devices, or strategies with respect thereto;
5. To investigate charges of criminal misconduct or to consider the filing of criminal complaints;
6. To consider the purchase, exchange, lease or value of real property if the chair declares that an open meeting may have a detrimental effect on the negotiating position of the public body;
7. To comply with, or act under the authority of, any general or special law or federal grant-in-aid requirements;
8. To consider or interview applicants for employment or appointment by a preliminary screening committee if the chair declares that an open meeting will have a detrimental effect in obtaining qualified applicants; provided, however, that this clause shall not apply to any meeting, including meetings of a preliminary screening committee, to consider and interview applicants who have passed a prior preliminary screening;
9. To meet or confer with a mediator, as defined in section 23C of chapter 233, with respect to any litigation or decision on any public business within its jurisdiction involving another party, group or entity, provided that:
 - i. any decision to participate in mediation shall be made in an open session and the parties, issues involved and purpose of the mediation shall be disclosed; and
 - ii. no action shall be taken by any public body with respect to those issues which are the subject of the mediation without deliberation and approval for such action at an open session; or
10. to discuss trade secrets or confidential, competitively-sensitive or other proprietary information provided in the course of activities conducted by a governmental body as an energy supplier under a license granted by the department of public utilities pursuant to section 1F of chapter 164, in the course of activities conducted as a municipal aggregator under section 134 of said chapter 164 or in the course of activities conducted by a cooperative consisting of governmental entities organized pursuant to section 136 of said chapter 164, when such governmental body, municipal aggregator or cooperative determines that such disclosure will adversely affect its ability to conduct business in relation to other entities making, selling or distributing electric power and energy.

Accurate records of the proceedings conducted in executive session will be kept and may remain secret only so long as their publication would defeat the purpose of the session. The committee will review executive session minutes for possible declassification at least once each year.

All votes taken in executive session will be recorded roll call votes, and will become part of the minutes of executive sessions.

RULES OF ORDER

Members of the School Committee shall arrive at agreement as to how the Committee will carry on its business. In a small group such as this body there is merit in permitting discussion of a subject without the making of a prior motion and in dispensing with other formalities so that the Committee's deliberations may be expedited. Therefore, the conduct of Committee business shall be informal, although procedures required by law and policy shall be observed (see references below).

Robert's Rules of Order, Newly Revised will govern the proceedings of the Committee, except when those rules are in conflict with the Committee's approved policies and regulations.

PUBLIC COMMENT AT SCHOOL COMMITTEE MEETINGS

All regular and special meetings of the School Committee shall be open to the public. Executive sessions will be held only as prescribed by the Statutes of the Commonwealth of Massachusetts.

The School Committee desires individuals to attend its meetings so that they may become better acquainted with the operations and the programs of our local public schools. In addition, the Committee would like the opportunity to hear public comment.

Public comment is not a discussion, debate, or dialogue between individuals and the School Committee. It is an individual's opportunity to express an opinion on issues within the School Committee's authority.

To ensure the ability of the School Committee to conduct the District's business in an orderly manner, the following rules and procedures are adopted:

1. At the start of each regularly scheduled School Committee meeting, individuals will sign in for an opportunity to speak during public comment. The public comment segment shall not exceed 15 minutes. All speakers are encouraged to present their remarks in a respectful manner
2. Speakers will be allowed up to three (3) minutes to present their material and must begin their comments by stating their name and city/town. The presiding Chair may permit extension of this time limit, in extenuating circumstances.
3. Topics for discussion should be limited to those items within the School Committee's scope of authority. The authority of the School Committee primarily concerns the review and approval of the budget of the district's public schools, the performance of the Superintendent, and the educational goals and policies of the district's public schools. Comments and complaints regarding school personnel (apart from the Superintendent) or students are generally prohibited unless those comments and complaints concern matters within the scope of School Committee authority.
4. The Chair of the meeting, after a warning, reserves the right to terminate speech which is not constitutionally protected because it constitutes true threats that are likely to provoke a violent reaction and cause a breach of the peace, or incitement to imminent lawless conduct, or contains obscenities.
5. Written comments longer than three (3) minutes may be presented to the presiding Chair before or after the meeting. All remarks will be addressed through the Chair of the meeting. Comments made during the public comment portion of the meeting do not necessarily reflect the views or positions of the _____ School Committee.
6. Sign up instructions will be provided for those who wish to participate in Public Comment.

SPECIAL PROCEDURES FOR CONDUCTING HEARINGS

In conducting all public hearings required by law, and others as it deems advisable, the school committee will:

1. Give due and public notice in line with statutory requirements and seek to publicize the meeting in all local media.
2. Make available printed information on the topic of the hearing.
3. Give all persons an equal opportunity to be heard in accordance with the committee's policy.

The ~~chairman~~ Chair of the committee will preside at the hearing.

The public will be informed at the beginning of the hearing the particular procedure that will be followed in regard to questions, remarks, rebuttals, and any time limitations or other rules that must be followed to give everyone an opportunity to be heard.

In conformance with customary hearing procedures, statements and supporting information will be presented first by the committee, or by others for the committee; to comment, citizens must be recognized by the chair, and all remarks must be addressed to the chair and be germane to the topic. To assure that all who wish get a chance to speak, the chair will recognize persons who have not commented previously during the hearing before recognizing persons who wish to remark a second time.

SCHOOL COMMITTEE POLICY DEVELOPMENT

The school committee will develop policies and put them in writing so that they may serve as guides for the discretionary action of those to whom it delegates authority.

The formulation and adoption of these written policies will constitute the basic method by which the school committee will exercise its leadership in providing for the successful and efficient functioning of the Sschool systemDistrict. Through the study and evaluation of reports concerning the execution of its policies, the school committee will exercise its control over school operation.

~~The school committee accepts the definition of policy set forth by the National School Boards Association:~~

Policies are principles adopted by a school committee to chart a course of action. They tell what is wanted; they may include why and how much. Policies should be broad enough to indicate a line of action to be followed by the administration in meeting day-to-day problems, yet be specific enough to give clear guidance.

The policies of the school committee are framed, and are meant to be interpreted, in terms of state law, regulations of the Massachusetts Board of Education, and other regulatory agencies of the various levels of government.

POLICY ADOPTION

Adoption of new policies or changing existing policies is solely the responsibility of the school committee. Policies will be adopted and/or amended only by the affirmative vote of a majority of the members of the school committee when such action has been scheduled on the agenda of a regular or special meeting.

To permit time for study of all policies or amendments to policies and to provide an opportunity for interested parties to react, proposed policies or amendments will be presented as an agenda item to the committee in the following sequence:

1. Information item -- distribution with agenda
2. Discussion item -- first reading of proposed policy or policies; response from superintendent; report from any advisory committee assigned responsibility in the area; committee discussion and directions for any redrafting
3. Action item -- discussion, adoption or rejection.

Amendments to the policy at the action stage will not require repetition of the sequence, unless the committee so directs.

The school committee may dispense with the above sequence to meet emergency conditions.

Policies will be effective upon the date set by the school committee. This date will ensure that affected persons have an opportunity to become familiar with the requirements of the new policy prior to its implementation.

POLICY REVISION AND REVIEW

In an effort to keep its written policies up to date so that they can be used consistently as a basis for school committee action and administrative decision, the committee will review its policies on a regular basis.

The committee will evaluate how the policies have been executed by the school staff and will weigh the results. It will rely on the school staff, students, and the community for providing evidence of the effect of the policies it has adopted.

The superintendent is given the continuing commission of calling to the committee's attention all policies that are out of date or for other reason appear to need revision.

SCHOOL COMMITTEE REVIEW OF REGULATIONS

ok

It is expected that the superintendent and administrative staff will need to issue regulations implementing policies of the school committee. Many of these will be routine from year to year; others will arise in special circumstances; some will be drawn up under specific directions from the committee.

The committee may review the regulations developed by the superintendent for the School system District whenever they appear inconsistent with policy, goals, or objectives of the district, but it will revise or veto such regulations only when, in the committee's judgment, they are inconsistent with policies adopted by the committee.

The committee will not officially approve regulations except as required by state law or in cases when strong community attitudes, or possible student or staff reaction, make it necessary or advisable for a regulation to have the committee's advance approval.

When action must be taken within the School system District where the committee has provided no guides for administrative action, the Superintendent will have the power to act. The Superintendent's decisions, however, will be subject to review by the committee.

Rules Pertaining to Staff and Student Conduct

Under Massachusetts law, the superintendent is required to publish "rules and regulations pertaining to the conduct of teachers and students which have been adopted." Codes of discipline, as well as procedures used to develop such codes shall be filed with the Department of Education for information purposes only. Standards of conduct will be included in staff and student handbooks. These handbooks will be reviewed and approved annually by the school committee.

Note: The MASC Reference Manual replaces "regulations" with "procedures" in all cases, it also replaces "school system" with "school district". The reference manual no longer includes a policy CHB so that reference is removed from the policy code.

POLICY DISSEMINATION

The superintendent is directed to establish and maintain an orderly plan for preserving and making accessible the policies adopted by the committee and the regulations needed to put them into effect.

Accessibility is to extend at least to all employees of the **Sschool systemDistrict**, to members of the committee, and, insofar as conveniently possible, to all persons in the community. A policy concerning a particular group or groups in the schools will be distributed to those groups prior to the policy's effective date.

All policy manuals distributed to anyone will remain the property of the committee and will be considered as "on loan" to anyone, or any organization, in whose possession they might be at any time. They are subject to recall at any time deemed necessary for purposes of updating.

The school committee's policy manual will be considered a public record and will be available for inspection at the superintendent's office.

SCHOOL COMMITTEE – STAFF COMMUNICATIONS

OK, caps

The Medfield School Committee wishes to maintain open channels of communication between itself and the staff. The primary line of communication will, however, be through the superintendent.

Staff Communications to the School Committee

All communications or reports to the committee or any of its subcommittees from principals, supervisors, teachers, or other staff members will be submitted through the superintendent. This procedure does not deny the right of any employee to appeal to the committee from administrative decisions on important matters, except those matters that are outside of the committee's legal authority, provided the superintendent has been notified of the forthcoming appeal and that it is processed in accordance with the committee's policy on complaints and grievances. Staff members are also reminded that committee meetings are public meetings. As such, they provide an excellent opportunity to observe first-hand the committee's deliberations on problems of staff concern.

School Committee Communications to Staff

All official communications, policies, and directives of staff interest and concern will be communicated to staff members through the superintendent. The superintendent will develop appropriate methods to keep staff fully informed of the committee's problems, concerns and actions.

Visits to Schools

Individual school committee members interested in visiting schools or classrooms will make arrangements for visitations through the principals of the various schools. Such visits will be regarded as informal expressions of interest in school affairs and not as "inspections" or visits for supervisory or administrative purposes. Official visits by committee members will be carried on only under committee authorization.

USE OF ELECTRONIC MESSAGING BY SCHOOL COMMITTEE MEMBERS

As elected public officials, School Committee members shall exercise caution when communicating between and among themselves via electronic messaging services including, but not limited to, electronic mail (e-mail), text messages, social media postings, internet web forums, and internet chat rooms.

Under the Open Meeting Law, deliberation by a quorum of members constitutes a meeting. Deliberation is defined as movement toward a decision including, but not limited to, the sharing of an opinion regarding business over which the Committee has supervision, control, or jurisdiction. A quorum may be arrived at sequentially using electronic messaging without knowledge and intent by the author.

School Committee members should use electronic messaging between and among members only for housekeeping purposes such as requesting or communicating agenda items, meeting times, or meeting dates. Electronic messaging should not be used to discuss Committee matters that require public discussion under the Open Meeting Law.

Under the Public Records Law, electronic messages between public officials may be considered public records. Therefore, in order to ensure compliance, the School Committee Chair, in consultation with the Superintendent of Schools, shall annually designate a member of the central office staff who shall be copied on all electronic mail correspondence between and among members of the School Committee, or the district shall provide district e-mail addresses, which are archived. School Committee members who do not have a computer or access to these messages shall be provided copies on a timely basis.

~~SCHOOL COMMITTEE CONFERENCES, CONVENTIONS AND WORKSHOPS~~

~~To provide continuing in-service training and development for its members, the school committee encourages the participation of all members at appropriate school committee conferences, workshops and conventions. However, in order to control both the investment of time and funds necessary to implement this policy, the committee establishes these principles and procedures for its guidance:~~

- ~~1. A calendar of school committee conferences, conventions and workshops will be maintained by the committee secretary. The committee will periodically decide which meetings appear to be most promising in terms of producing direct and indirect benefits to the school system. At least annually, the committee will identify those new ideas or procedures and/or cost benefits that can be ascribed to participation at such meetings.~~
- ~~2. Funds for participation at such meetings will be budgeted for on an annual basis. When funds are limited, the committee will designate which of its members would be the most appropriate to participate at a given meeting.~~
- ~~3. Reimbursement to committee members for their travel expenses will accord with the travel expense policy for staff members.~~
- ~~4. When a conference, convention, or workshop is not attended by the full committee, those who do participate will be requested to share information, recommendations and materials acquired at the meeting.~~

SCHOOL COMMITTEE LEGISLATIVE PROGRAM

The Medfield School Committee, as an agent of the state, must operate within the bounds of state and federal laws affecting public education. If the committee is to meet its responsibilities to the residents and students of this community, it must work vigorously for the passage of new laws designed to advance the cause of good schools and for the repeal or modification of existing laws that impede this cause.

To this end:

1. The committee will keep itself informed of pending legislation and actively communicate its concerns and make its position known to elected representatives at both the state and national level.
2. The committee will work with its legislative representatives (both state and federal), with the Massachusetts Association of School Committees, and other concerned groups in developing an annual, as well as a long-range, legislative program. One of the major objectives of the committee's legislative program will be to seek full funding for all state and federally mandated programs.
3. The committee will annually designate a person--who may or may not be a member of the committee--to serve as its legislative representative. This person will be authorized to speak on the committee's behalf with respect to legislation being considered by the Massachusetts Legislature or the United States Congress or their respective committees. In all dealings with individual elected representatives, the Legislature or Congress, the committee's representative will be bound by the official positions taken by the school committee.
