

Woods School

Academic & Career Planning

6th, 7th & 8th grade

01

WHAT IS AN ACP?

ACP is intended to equip students and their families with the tools necessary to make more informed choices about postsecondary education, training, careers for life after high school. It is part of DPI's overall vision for every student to graduate high school academically, socially, emotionally, and life ready (<https://dpi.wi.gov/acp>).

02

ACP is a lifelong process of exploring the questions:

Who am I?
Where am I going?
How do I get there?

It is a student-centered process of developing workplace values, skills, personal qualities, and knowledge of one's postsecondary pathway.

03

WOOD'S ACP MODEL

At each grade level, students will practice goal-setting and planning by developing and/or revising their personal Academic & Career Plan in Guidance with Ms. Wichser through Xello. This is meant to be a gradual process, that builds from one year to the next and will support the unique development of each student. Student goals and plans are expected to change each year based on their personal experiences.

04

BADGER HIGHSCHOOL & BEYOND

Through the platform Xello, each student creates their very own, unique roadmap for future success-enabling them to discover their own personalized pathway through self-knowledge, exploration and planning. Built on a proven model for student success, Xello is aligned to Academic and Career Planning (Xello.com). Xello is used at Badger and will be transferred over when they graduate Woods.
