## **LOAN OF TEXTBOOKS**

Textbooks may be loaned to students, ages five through nineteen, who are residents of the Aberdeen Public School District upon written request by the student's parent or guardian without charge, who are not enrolled in the Aberdeen Public Schools but are enrolled in a nonpublic school or receiving alternative instruction. Textbooks loaned shall be the same textbooks used by the students enrolled in the Aberdeen Public Schools and non-sectarian in nature.

The amount of money expended per student in one budget year for purchasing textbooks for loan shall not exceed the annual per student costs for textbooks that are purchased for students enrolled in the Aberdeen Public School District.

All borrowed textbooks are to be returned to the public school at the end of the school year or immediately prior to moving out of the District boundaries. The cost of purchasing replacement textbooks due to loss, damage, or unsuitable condition will be assessed against the requesting parent or guardian receiving a loaned textbook.
