Committee Charge

The Quitman ISD Long-Range Planning Committee is charged by the Board of Trustees to:

- prioritize the needs of ALL QISD students and make decisions that will enable them to receive a premier education;
- represent the expectations and values of the community;
- use facts, data, and financial resources to make informed decisions that will foster a culture of excellence in QISD;
- make recommendations that meet QISD's future facility needs

Quitman Elementary School

School Information

Built
1960's, 2003

Current Enrollment
605

Functional Capacity
740 Students

Size
15 Acre Property

Grades
Pk-5th

Classrooms
35

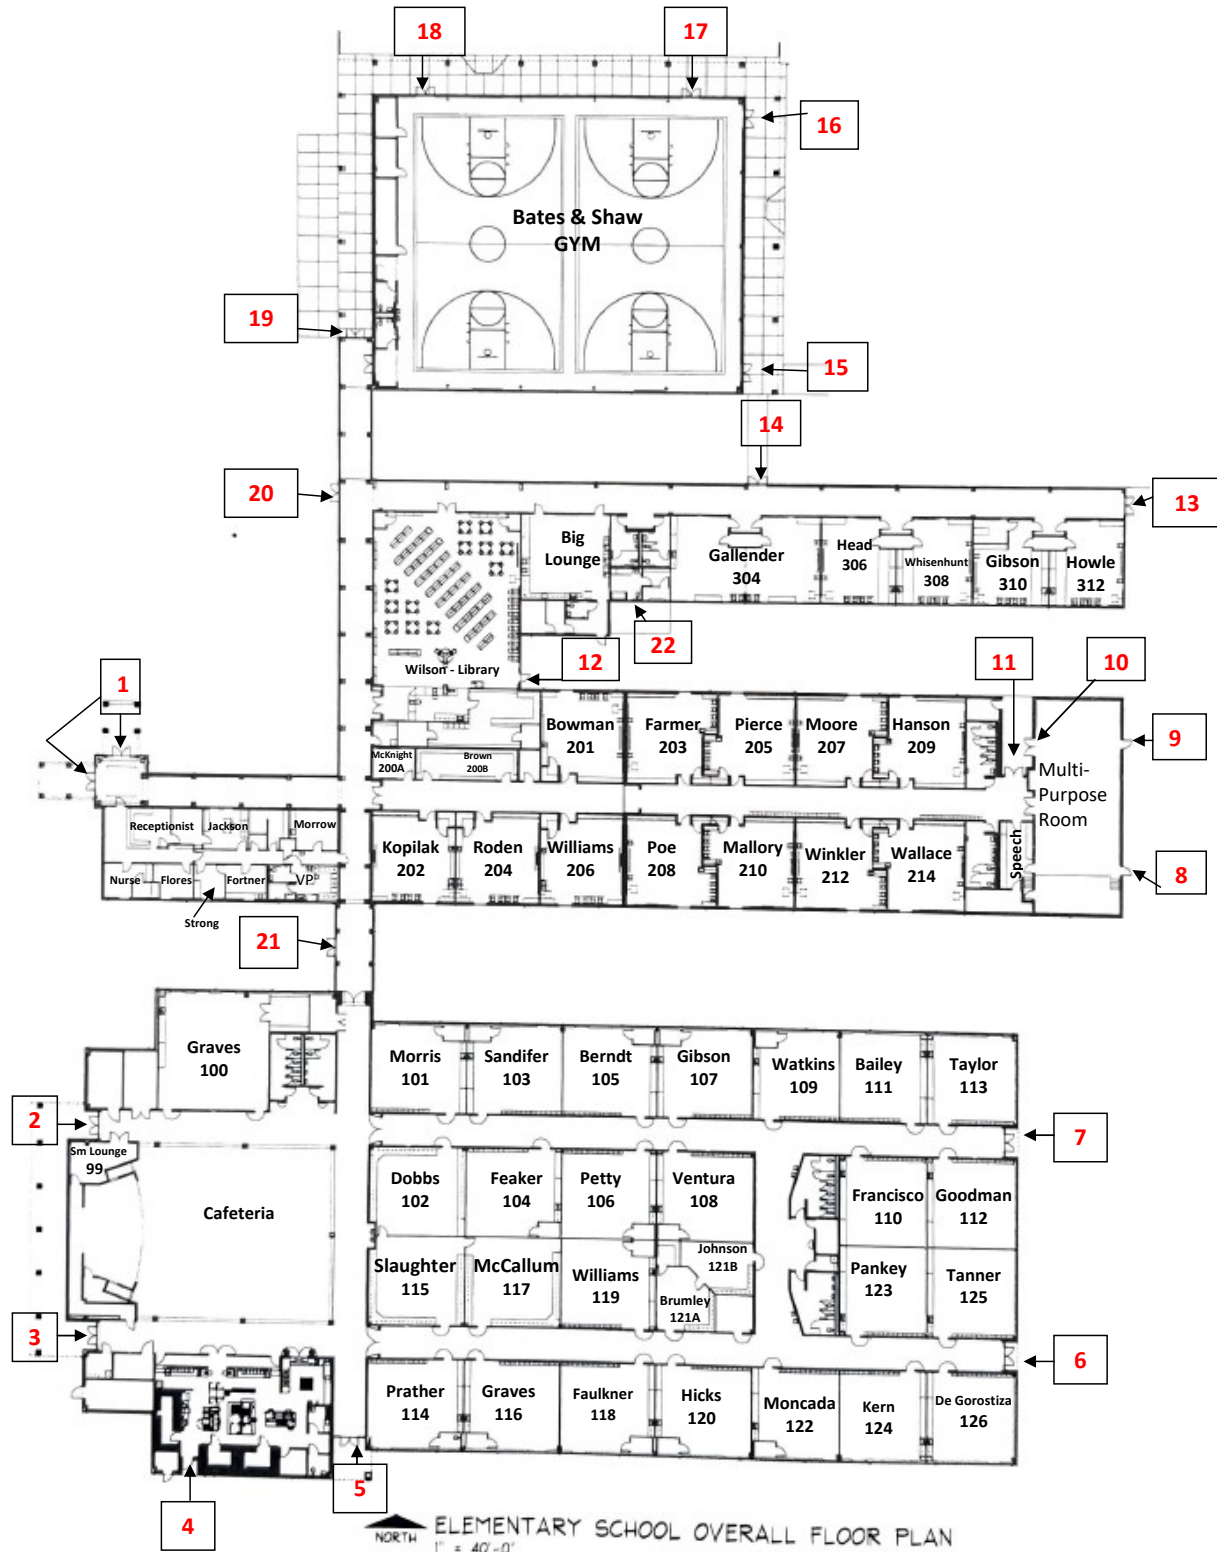

Completed Work

- Elementary Track (2018-2019)
- Interior Painted (2018-2019)
- Hallway Floors (2019-2020)
- New Playground (2020-2021)
- Partial Roof Replacement (2023-2024)

Campus Needs

- Parking is insufficient for events. Consider adding more to the north and/or south
- A few existing classrooms do not meet TEA standards; 646 sq/ft. vs. TEA minimum of 700 sq/ft.
- Some regular sized classrooms are being used for small number programs. Consolidation to 1/2 size spaces will create more classroom space
- Repurpose multi-purpose room into small group pull-out spaces. This will open 4 new regular classrooms, resulting in an additional 72/88 student capacity - 11% increase)
- Larger equipment and shade structures desired on play grounds
- No enclosed access control entry vestibule at main entrance
- Move 5th grade classes to new location for future growth

- Secondary Courtyard (2016-2017)
- Tennis Courts (2019-2020)
- HVAC Replacements (2022-2023)
- JH Locker Refurbishment (2023-2024)

Campus Needs

- Outdoor Education class is currently occupying a class room in the High School academic area.
- Two Resource classes share one regular size classroom. Consider smaller separate pull-out spaces.
- Art classroom has carpet flooring and no water access
- No conference room/meeting room/testing room
- Classrooms occupied by coaches and elective teachers are left empty during athletic periods and when those elective classes aren't in session. Consider adjusting schedule so these classes can potentially use the same rooms.
- Some specialized spaces are undersized per TEA standards. Computer Lab: 701 sq/ft vs. TEA min. of 900 sq/ft. Science Lab/Classroom: 835 sq/ft vs TEA min of 1,200 sq/ft.
- HVAC causes noise in several classrooms
- Additional locker room space needed
- Install in-lay ceiling in classrooms
- Building addition between classroom wings
- Build new middle school for grades 5-8
