

School's Commitment

THE SCHOOL will...

- Communicate with parent/guardian to promote clear, open communication between home and school
- Seek parent/guardian and community input regarding the education of the children it serves
- Conduct annual parent/family-teacher conferences to discuss student achievement
- Provide translations of written notifications and/or interpreters at parent/guardian meetings, if requested
- Maintain frequent communication with parents/guardians through newsletters, calendars, email, etc.
- Use instructional strategies that increase the amount and quality of learning time and meet the needs of all students

What is a Family-School Compact?

Royal Elementary recognizes that parents/guardians play an extremely important role as their child's first teachers and are valued partners in the educational process.

As a result, parents/guardians will be included in decision-making opportunities to support student academic achievement.

Royal Elementary encourages the participation of parents/guardians in regular, two-way, and meaningful communication involving student academic learning and other school activities.

The School-Parent/Guardian Compact will be discussed annually at parent/guardian-teacher conferences as the compact relates to each individual student's achievement.

We will.....

Communicate and model the importance of education to OUR students by setting high expectations, and working TOGETHER to support ALL students!

Family's Commitment

FAMILIES will...

- Ensure that my student attends school daily and arrives on time
- Help my student to establish a routine for school days that includes preparing backpacks, homework, and clothing.
- Read aloud to my student regularly and be an interested listener as he/she reads to me
- Expect my student to conduct himself/herself in a manner that is appropriate to his/her age level and will teach my student in a nurturing and supporting manner
- Attend parent/guardian conferences to discuss and participate in his/her education
- Join/support parent/guardian groups to contribute to the decision-making process

Building Partnerships

Partnerships are essential for helping students achieve their maximum potential. Parents/guardians are encouraged to participate in a variety of parent/guardian involvement activities such as serving as a campus volunteer within the guidelines of district campus visitor policy.
