

**REGIONAL SCHOOL UNIT No. 67**

**BOARD MEMBER DEVELOPMENT OPPORTUNITIES**

The R.S.U. No. 67 Board of Directors recognizes the value of continuous and life-long learning, places a high priority on the development of its members' "boardsmanship" skills, and supports opportunities for in-service education. The purpose of board development is to enhance the quality of education in R.S.U. No. 67 and the effectiveness of its governance.

Board members need to be well-informed and expand their knowledge of trends and issues affecting education and school governance. In addition, Board members need to develop and reinforce the skills required for effective policy-making, budget planning, and communications, as well as governance team decision-making and efficient use of parliamentary procedure.

Board members are encouraged to participate in district-sponsored training sessions and/or workshops and in school board or related conferences, seminars, workshops, and conventions sponsored by the Maine School Boards Association, the Maine School Management Association, the National School Boards Association, and other recognized leaders in education. Board members are also encouraged to be active in leadership opportunities that may be available within regional, state, and national associations.

Adequate funds shall be budgeted annually to support Board member development, including participation at meetings, subscriptions to publications that address the concerns of Board members, and memberships in school board associations.

Upon Board approval and within budgetary limitations, reimbursement for travel and necessary expenses will be provided to individual members for activities related to Board development. The Board, on a case-by-case basis, will determine the number of Board members authorized to attend specific meetings, conferences, conventions, or other events at R.S.U. No. 67's expense, as warranted by budgetary limitations. Board members may use their own discretion regarding attendance at meetings, conferences, conventions, or other events where reimbursement will not be provided by R.S.U. No. 67.

At a Board meeting subsequent to attendance at an educational event, members are encouraged to report briefly to the Board and to the public to share knowledge gained and thoughts on implications for local school governance. Board members are also encouraged to study and share with the Board and Superintendent materials of interest they have collected.
