

TUITION REIMBURSEMENT PROGRAM

Celebrating the Next Generation of Surveyors

\$2,000/ per year

Tuition Reimbursement Description

Neset Land Surveys out of Fargo, ND is excited to announce a tuition reimbursement opportunity for college and high school students. We have established a tuition reimbursement program to assist qualified students in obtaining degrees from accredited academic institutions of higher learning specific to the field of land surveying for the purpose of continuing growth and education around quality leadership in land surveying for the Red River Valley. College students must be enrolled in land surveying at a locally accredited school. High school seniors must be enrolled to attend an accredited school in the area and pursuing a career in the land surveying field. A 2-year commitment to Neset Land Surveys is also required to receive this tuition reimbursement.

Directions to Apply for Tuition Reimbursement:

In order to be considered for this tuition reimbursement program, the applicant must write a letter of intention as well as a 500-word essay. The letter of intention must include current GPA (minimum of 3.0), school location, previous and current class information for studies related to the field of land surveying as well as extra curriculars and/or hands on experimentation related to land surveying. Letter of intention shall also include plans for college, internships, and career goals. The 500- word essay shall explain your interest in surveying and mapping as a career choice. Subject matter may include information about your personal history, experiences, goals, and personal expectations that will help you reach these goals. We are interested in getting to know you, why you chose a career in land surveying and how you plan to succeed in your career. Tuition reimbursement will be awarded to the individual with the most well- written, clear presentation of the topic and originality determined by the tuition reimbursement committee of Neset Land Surveys.

Please submit letter of intention and essay by April 1st, 2024, to Neset Land Surveys. Please don't forget to include your name, address, and contact information on the letter.
