

Northern Cass School Dual Sport Participation Form

A learner/athlete at Northern Cass School (Levels 7-12) can participate in two sports during the same season under the following stipulations:

1. All of the educators of that learner must sign off for the learner to participate in dual sports.
2. The learner must not have been ineligible at any time throughout the school year.
3. A 2.5 Habits of Work must be maintained.
4. The administration has the right to revoke the privilege of competing in one or both sports if the learner falls behind in two classes or drops below a 2.5 HOW.
5. The learner is only allowed to miss school for the activities two times per week unless approved by administration.
6. The learner must choose a primary sport at the beginning of the season.
7. The learner must ensure the necessary number of practices are met (nine) in their primary sport in order to participate in the first meet/game.
8. If practice dates/times conflict and the learner has yet to meet the minimum number of practices required in their primary sport, they must attend the practice of their primary sport.
9. The chosen primary sport will also have priority when it comes to playoffs, regional, or state competitions.
10. The learner will not be penalized for missing practice in sport A due to a meet/game in sport B and vice versa. That is not to say it may not affect playing time. For example, if due to missing practices, the team practices with another player in your son/daughter's position, and that learner's skills/abilities grow to meet or exceed your son/daughter's, your son/daughter may see less playing time. This example would not be viewed as a penalty, but a natural consequence of missing practices for any reason.
11. Once designated, a primary sport cannot be changed, unless due to injury. This would require a doctor's note.
12. The learner and their parent must have a signed Dual Sport Consent Form for the current school year on record **before** the first practice of either sport, or the Dual Sport Request will not be considered by administration.

My signature indicates that I am aware of and will abide by the stipulations as stated above to participate in two sports at Northern Cass School during the same sports season.

Chosen primary sport this season _____

Learner Name _____

Learner Signature _____ Date _____

Parent/Guardian Signature _____ Date _____

Primary Coach's Signature _____ Date _____
