

## GOOGLE WORKSPACE AGREEMENT

To Parents and Guardians of CuCPS Students:

At Cumberland County Public Schools, we use Google Workspace for Education, and we are seeking your permission to provide and manage a Google Workspace for Education account for your child. Google Workspace for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom, and more used by tens of millions of students and teachers around the world. Students will use their Google Workspace for Education accounts to complete assignments, communicate with their teachers, sign into their Chromebooks, and learn 21st century digital citizenship skills.

In addition, there are many 3rd party apps used within the classroom. A listing of 3rd Party Google Apps can be found at this location: <https://5il.co/25ks8>.

The notice posted at <https://5il.co/25ks9> provides answers to common questions about what Google can and can't do with your child's personal information, including:

- What personal information does Google collect?
- How does Google use this information?
- Will Google disclose my child's personal information?
- Does Google use student personal information for users in K-12 schools to target advertising?
- Can my child share information with others using the Google Workspace for Education account?

Please read it carefully, let us know of any questions. If you need a paper copy, please reach out to your school administrators.

Return this document to your school if you **DO NOT** give consent for your child to use a Google Workspace Account.

Thank you,

Jeff Dingeldein  
Director of Technology, CTE, and Safety
